he would be of any use. The lady caller's voice was worried as she went on. "Oh. I am so sorry. I am phoning for Mrs. Blank, and it is very important. Tell the doctor immediately on his return that Mrs. Blank is having a symbana coming on, and she wonders if he could do anything for it." The assistant made a hurried note and reassured the caller. "Til tell the doctor as soon as he returns. And meanwhile tell her to put a mustard poultice on it and renew it every two hours."

capital "H" looked exactly like an 'N." The sentence consequently read. He shall be thy fool."

Many copies of the book got into circulation before the error was discovered. The exchasiastical authorities were so enraged at what they considered the woman's implety that they condemned her 55 the mark.

## TELLS THEM HOW THEY CAN DO IT

Plain Bill" Gets Peeved, But Will Try and Stand it Enforced.

(When these articles were ere was no other that or intention the part of the writer but to help

telp in the desired law enforcement.

Editor.)

Could Andover be laid out more andily to stop auto speeding than it

handly to stop and speculing than a is?

I hardly think so. A man with a stop watch standing at Mrs. Orvis' corner, could see and time a car-from the east, from the bridge on Barney Street, and from the west, from Main Street. Or standing at Mrs. Parker's corner, could time a car from top of hill by Mrs. McCarn's place, or on Main Street, from cold storage to Dyke Street Bridge. All it needs is a man, a few brains and a stop watch. Here is a table of the time figured in seconds for each street.

Main Street 52 62 41 31

You can tell very accurately with an ordinary watch. Try it out and you may be surprised at the rate some they are following and it's results we force the speed laws. of them travel, but you will find the want, from both the City Fathers and majority of autoists drive decently, the Police Force, not soft talk and PLAIN BILL.

## **Supplying the Family Table** Is Often a Problem

The thrifty housewife buys carefully. Buying carefully can only be done where there is a large variety from which to select. That is one of our leading specialties — keeping a variety of food-stuffs so large you can eat anything your appetite craves. By keeping only a sufficient quantity of each article on hand to meet all current demands we are enabled to sell you at all times foodstuffs that are absolutely pure and fresh, thus assuring you the maximum of nutriment at a minimum of expense

Prices are Satisfactory to Customers.
