

**AMONG OUR NEIGHBORS.**

**South Hill**

Aug. 9. — Vacations are now in vogue, but our farmers have not enjoyed theirs of the past week, due to the steady wet weather, with considerable haying yet to do, and grain ready for the reaper.

James Gavin, of Pingrey Hill, was helping Dean Bro's with their haying last week.

Miss May Dean returned from Lorain Friday for her annual vacation, having visited Dunkirk friends enroute.

John Dean and Miss Mary visited Wellsville friends on Sunday.

Abe Sandberg, of Andover, is working for Dan Appier.

A party of Dunkirk motorists enroute to Albany, spent Sunday night at the home of Wm. Dean.

A slight frost Tuesday night in this locality and fair weather indications now prevail.

John P. Dean was a business visitor in Alfred Monday.

Mr. and Mrs. Grant Sherwood, of Andover, were guests at the Church home, Saturday night and Sunday.

Mr. and Mrs. H. B. Adams are attending the Adams reunion at Belmont to-day.

**CATTLE STILL GAIN ON STATE'S PASTURES**

Pastures continue generally good in the state, according to the feeding specialists at the state college of agriculture at Ithaca. They recommend however, that as the grass gets more mature, cows be fed slightly more protein in the grain ration. Cows on pasture should do well through August, they say, on a ration containing 300 pounds hominy or corn meal, 300 pounds wheat bran, 300 pounds gluten feed, and 100 pounds oil meal or cottonseed meal.

**Davis Hill**

Aug. 8th. — Mr. and Mrs. T. G. Burdick and Mr. and Mrs. Mortimer Lanphear were guests at Clifford Burdick's, Saturday afternoon.

Mr. and Mrs. H. E. Robinson were calling on Mrs. Flora Bass, Sunday afternoon.

People on the hill were very sorry to learn of the death of a friend and old neighbor, Giles Caple, Monday.

Michael Geniff was a guest of Joseph Padden, recently.

Morning Service, 10:30 a. m. Sermon: "Confidence, Born of Faith."

Sunday School immediately following the close of the Morning Service. There are classes for all, and everyone is cordially invited to attend.

The regular evening service of our church will be omitted during the month of August, and will be resumed the first Sunday in September.

"We are coming upon better times. Hitherto religion has been left to itself, like a fruit-tree in a neglected orchard. Men have been concerned only with gathering the harvest. Now we are learning how, by wise methods of culture, we may increase the yield and improve the quality of the fruitage. Religion has been regarded as a finished thing, by and for adults. The way of salvation

has been the method of grafting on to the native stock of an unregenerate personality a cutting from the trees of a perfect Gospel, the ingrafting of the Spirit. To-day, God is felt to be the indwelling of a world-order and religion, past, present, and to come, the natural flower and fruit of every life that develops normally and comes to its own."

We welcome YOU to all the services of OUR church.

There will be a meeting in the parlors of the Presbyterian Church, on Monday evening, August 14th, at 8 o'clock, for the purpose of completing the arrangements for the Harvest Home celebration. All the ladies of the church are urged to be present in order to complete the plans and arrangements.

Can you tell the name of the brightest man in town? But perhaps you are too modest to say.

The shadows of life are never so thick but what the sun is trying to break thru. Help it along.

There's one consolation, anyway. If we have no coal next winter we won't be bothered with the dust.

**WINDSTORMS AND CYCLONES HIT NEW YORK STATE**

New York State has been hit hard and often during the past two years by cyclones and windstorms.

People are beginning to see the necessity of carrying windstorm insurance and, why not, for the damage done by windstorms in the State of New York for the year 1920 was more than that estimated by lightning.

Would it not be better to pay the small cost for this protection than to wait until after the next storm and then wish that you had made this small investment?

If you are interested in getting low cyclone rates in some of the strongest companies operating in New York State then write, phone, or see
