Wrong-Feeling Most Infectious. A vexation arises, and our expressions of impatience hinder others from taking it patiently. Disappointment, ailment, or even weather depress us, and our look or tone of depression hinders others from maintaining a cheerful and thankful spirit. We say an unkind thing, and another is hindered. We say a provoking thing, and our friend is hurt. Wrong-feeling is more infectious than wrong-doing.—Frances R. Havergal.

Japanese "Courtship." In some parts of Japan, as soon as a young man has set eyes upon his ideal, he opens proceedings by fastening a branch of a certain shrub against the door of her parents' house. Should the young woman not wish to encourage his advances the branch is allowed to wither; but if she decides to accept him as her future husband she breaks her teeth as a sign that she may begin negotiations with her father.

Mr. and Mrs. Reader When you pick up a copy of your home paper, do you ever give any thought to how it was produced or the money that is spent to print it and deliver it at your home? The newspaper of today, no matter if 25 cents a copy was charged, would be the cheapest thing you bought. In the first place it represents an investment in plant and equipment of many thousands of dollars. Its editor and staff work diligently day in and day out to gather all the news and present it to you in readable fashion. It aims to keep you informed on all the news that's "fit for ink." With the average paper, the price you pay for subscription does not cover the cost of WHITE PAPER. Yes, the newspaper is the cheapest thing you buy. Think it over. Look it over. Then support your home paper. It's the best investment you can make for it brings the largest returns. MEMBER NEW YORK PRESS ASSOCIATION The News Printing House J. Harvey Backus & Son, Props.
