The truth shall liberate. The curious blindness of humanity...

lowship... this shepherd hunted until the sheep was "found." The Redefined Son was "lost" because he...

I built my house close to the Lord's highroad; It was built for the Lord's abode.

As a matter of fact those who have no fellowship with God are those who have no heart of human sympathy.

A night of storm drove a stranger outdone To my door. (Ah, 'twas not the one.)

The average man believes in the church. Let him be consistent and go to church.

It's toasted. This one extra process gives a delightful quality that can not be duplicated.

U.S. JUDGE JAMES H. WILKERSON

These men were the principals in the far reaching court action which granted the United States an injunction against the Rail Unions. They are (upper, left to right) U. S. District Atty. Cline, of Chicago; Asst. U. S. Atty. Gen. Blackburn Esterline and U. S. Atty. Gen. Harry M. Daugherty. Below, U. S. Judge James H. Wilkerson, of the Chicago District, who granted the injunction. On Thursday evening, September 21st, we will begin a course of study on "The Landmarks of Christian History." The aim of the course will be to trace the development of the Christian Church, its character, doctrines, progress, form of government, etc., during the past twenty centuries.

Such subjects of interest will arise as "The Origin of the Roman Church," "The Rise and Fall of the Papacy," "The Protestant Reformation," "The Great Awakening," etc. The value of the course will depend largely on regularity of attendance.

The Interdenominational Community Week Day Church School holds its regular session every Thursday afternoon, from 9 to 4 o'clock, and all the boys and girls of our church who are not yet enrolled in the school are urged to enroll at once.

"I knew him when he was a boy"

What one is there of us that has not felt the glow of satisfaction over the outstanding success of a life-long friend? Often a surprise—seemingly "all of a sudden." Yet neither surprising nor sudden, when you stop to think back over each step of his progress.

THE United States Rubber Company—makers of U. S. Royal Cord—were first to conceive, make and announce the balanced tire. A tire in which there is such complete unity of action in tread and carcass that neither will give way before the other.

First to conceive, make and announce a complete line of tires—a tire for every need of price and use under one standard of quality.

First to tell the public about the good and bad in tire-retailing. (You remember the phrase "Go to a legitimate dealer and get a legitimate tire.")

First also to arouse industrial and trade minds to the need of a new kind of tire competition. (Competition for better and better sales. Greater and greater public confidence.)

THESE high spots along the U. S. road to leadership indicate the intent—the will to win by the quality route in a price market.

Now that so many car-owners have given their verdict for quality tires in general, and U. S. Tires in particular—a number of dealers and car-owners whose vision has been clouded by "discounts," "sales" and what not, are beginning to remember that they "knew him when he was a boy."
