A fatal accident occurred at Greenwood, last Monday, in which Marvin Goff lost his life. Mr. Goff, an aged and respected farmer, went to the home of his son to assist in filling a silo. He was walking close to the load, when it tipped over and he was caught between the wagon and a tree injuring him so severely as to cause his death within a few hours.

—Alfred Sun — Dr. Alfred Prentice, of New York City, was called to Alfred this week on account of the serious illness of his wife, who is here with her children who are in college. Mrs. Prentice was taken to the Bethesda Hospital, in Hornell, where she had an operation for appendicitis performed by Dr. R. S. Ferguson, which was very successful and she is now getting along nicely. Mrs. Prentice will be remembered by News readers as Miss Lillian La Forge, a former resident of Andover.

### FOR RESIDENTS OF VOORHEES HILL

One number given on the program at the school reunion picnic, on Labor day, on Voorhees Hill, was the names of parents in the district over a half century ago, namely: Samuel Bozard Calvin Wood, John Sullivan, Alonzo Lee, William Simkin, Alonzo Parkins, William Lasher, Chauncey Deming, Capt. Geo. Wicks, Knight Driscoll, Dennis Connell, Thomas Sheehan, Zaimon Parker, Thaddeus Halladay, Burrell Adams, Betsy Knox, Charles Lasher, Mary Powers, Robert Dally, Henry Goe, Alonzo Halsey, Robert Voorhees, Henry Crandall, Patrick Higgins, Maurice Geary, Patrick Sheehan, Frank Marshall, Nelson Williamson, William Sherwood, Geo. Wilson, Isaac Townsend, Mary Brown John Ahearn, Sr., John Nobles, Jerry McCarthy, Henry Jones, Milton Williams, Israel Mead, with only nine parents having children at the present time living in this district to send to school, and the total assessed valuation of the district increased over five hundred per cent., this will surely interest News readers.

A kind word costs nothing. But, perhaps the absence of profiteering value is the reason why some people are so sparing in their use in these days of skyrocketing.

They say one kind of a brave man is the fellow who goes home at 3 o'clock in the morning without removing his shoes before opening the door. But we don't know — we've never had the courage to try the experiment.
