The regular monthly business meeting of the Christian Endeavor Society will be held on Monday evening, October 2nd, at the church. "Liberalism in religion means the supremacy of the spirit over the letter. It is the mind in a state of growth, and is thus distinguished from orthodoxy, which is the type of a mind that has stopped growing. The true liberal recognizes that there should be progress in religion as in all else. He believes that conduct is the true test of belief; that men's deeds reveal, and either justify or condemn their creeds. The God of the liberal is not the God of a doomed world and a damned creation, but the God of a struggling, progressing, achieving humanity, slowly winning its way to nobler heights of being and sublimer ideals of life. Enlightenment, rather than regeneration, is the means whereby we mount upwards."

#### DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Andover testimony.

A Wilcox, prop. Wilcox Hotel, Main St., gave the following statement October 5, 1916: "I have used Doan's Kidney Pills off and on for several years. When I have an attack of kidney trouble, I suffer from lameness and soreness across the small of my back. It affects me worse in the morning when I first get up. The action of my kidneys is irregular and the secretions are highly colored. I use Doan's Kidney Pills right away, getting them from the Brundage Drug Co. and they always fix me up."

On August 13, 1919, Mr. Wilcox said: "Doan's Kidney Pills surely are a fine kidney, backache and bladder remedy. I am ever ready to recommend Doan's. I don't have any more trouble with my kidneys since Doan's cured me, so I cheerfully confirm my former endorsement."

#### MAKING MISTAKES

When a plumber makes a mistake, he charges twice for it.

When a lawyer makes a mistake, it is just what he wanted, because he has a chance to try the case all over again.

When a carpenter makes a mistake, it's just what he expected.

When a doctor makes a mistake, he buries it.

When a judge makes a mistake, it becomes the law of the land.

When a preacher makes a mistake, nobody knows the difference.

But when an editor makes a mistake — Good night! — Exchange.

When a printer makes a mistake, he charges twice for it.

When a politician makes a mistake, it is just what he wanted, because he has a chance to try the case all over again.

When a scientist makes a mistake, it becomes the law of the land.

When a philosopher makes a mistake, nobody knows the difference.

But when an editor makes a mistake — Good night! — Exchange.
