

AMONG OUR NEIGHBORS

South Hill

Voorhees Hill

Oct. 11. — Our equinoctial storm has been delayed, by slow transportation on the "Trie." Potato diggers, after the short respite, have got after those 25 and 35-centers with renewed vigor, as they will now be easier dug. Mr. and Mrs. Frank Holmes were up from Andover Thursday, Mrs. Holmes spending the day with Mrs. Robert Dean. Mrs. Dan Appier and little son were Andover visitors from Saturday until Monday evening. Herman Dean, who is helping his father with his potato crops, was in Wellsville the first of the week where Mrs. Dean was seriously ill at the home of her mother, but is now a little improved. Our Catholic residents have been attending the annual devotion of the Forty Hours, from Sunday until Wednesday, in Blessed Sacrament Church, Andover. It was very ably conducted by Rev. P. W. Leonard, S. J. of Conesius College, Buffalo, assisted by Rev. J. O'Donnell, also of that city, and by neighboring priests of the parish. Mrs. Robert Dean spent Tuesday in Andover. Frank Holmes was doing business on the hill Wednesday.

CURTAINS MUST HAVE A DECORATIVE TOUCH

The present vogue in window decoration is for a net curtain carrying some touch of distinction. This desired decorative touch may be found in the character of the net itself, as in the case of such nets as Quaker Fillet Grandee, Sampler

Lace, Shantung Net, Casement Lace, etc.,—or, it may be supplied by the use of a fringe or other attractive trimming on the more standard fillet grounds. In either case the result is a delightful curtain. During

HOME CRAFT WEEK OCTOBER 2nd to 7th

We are displaying distinctive examples of this latest vogue in decoration. Moreover we are also showing the most beau-

tiful line of merchandise we have ever selected for your approval. Be sure to see such novelties as:

Fillet Grandee The Aristocrat of Fillets

This beautiful Quaker curtaining is probably the most remarkable fabric ever produced by other than entire hand work. It has the effect of the soft-yarn, big-mesh, antique Italian Fillet, and is one of the most decorative as well as aristocratic of window cur-tainings.

Crochet Tuscan (Hand Finished)

Here's the latest development of the genuine Quaker Tuscan Net which took the decorators by storm a season or so ago. The virile masculine effect of the original Tuscan is still further emphasized by the hand-crocheted effect of this new line.

Casement Lace

Decorators declare that Quaker Casement Lace is the final development of the casement treatment. It combines the dignity and refinement of the casement cloth with that element of transparency which is the basic requirement of any modern window covering. Many delightful patterns.

Shantung Net

Another decorative surprise! This new net carries the quaint originality of oriental art without that extreme bizarre character which makes most oriental fabrics grow quickly tiresome. It's a delightful window covering for many rooms.
