MAIN STREET AT BROADWAY

The C. F. BABCOCK CO., Inc., Announce THE OPENING OF A NEW FLOOR and a New Department Thursday

UNDERPRICE DEP'T

Second Floor Over Our Tea Room—Entrance Through the Store

Devoted to Lower Priced Ready-to-Wear

TOMORROW will be a great day at Babcock's. For our New Underprice Department will open its doors to the public. It is to be a store within a store, with a stock of Ready-to-Wear separate and distinct from our regular Ready-to-Wear Section. Although devoted to Underprice Garments. Our usual seal of confidence stands behind every purchase. You may therefore always buy there, assured of the rightness of the merchandise, the prices, the advertising statements, the service.

ITS PURPOSE? To at all times offer up-to-date Ready-to-Wear at not only popular prices, but at prices much below what garments of equal quality can be sold for elsewhere. To give the purchaser who desires the less expensive garments the same service in style and value as the one who looks for quality and distinction without regard to price.

HOW CAN WE DO IT? By concentrating our purchases upon certain popular prices and thereby enabling us to buy in quantities otherwise impossible—by paring down expense in this department to the minimum—by marking the garments at a very narrow margin of profit—by taking full advantage of our buying connections and the many opportunities thus presented through large cash purchases.

OUR BUYING POLICIES. First of all, nothing can gain admittance to this new department except fresh, new, up-to-the-minute garments. Stocks of bankrupt retailers or wholesalers of doubtful reputation can never gain admittance. Neither is it to be the clearing house of our regular department. It will start with an entirely new stock—selected with the same care as the individual choosing of our regular section and in addition to all this, every garment must be a phenomenal value.
