tending helpful suggestions for bettering rural school conditions where needed.

The Day to Do it For the Boys

TO THE MEN AND WOMEN OF ALLEGANY COUNTY

There are approximately 3600 boys in this county between the ages of 12 and 20 years—the crucial period of adolescence when every boy feels the pull to go his own way and for that reason is in need of guidance and sympathetic helpfulness.

The work which has been done in this direction in a few months by the County Y. M. C. A. has convinced many of the influential men of Allegany County that this organization merits wider support and stronger backing than it has had. An extension committee has been formed for the purpose of furthering the efforts of the County Y. M. C. A. in Allegany County. The members of this committee have been deeply gratified at the heartiness of the response thus far, and particularly at the willingness of busy men of affairs in the various communities to take part in organizing a canvass for funds.

The County Executive Committee, after a careful survey of the situation, has adopted a budget \$5,800.00 for the year ending April 1, 1923. A part of this sum has been subscribed. The committee believes that the balance can be underwritten in one day.

On MONDAY, NOVEMBER 20th, in the various communities of the County, Local Committees will ask for subscriptions to this fund. They seek nothing for themselves—in fact, they are giving their time as friends of boyhood asking you to help our boys.

Everyone cannot be seen by the committee and if you are not solicited and want to have a part in this work, mail your check to C. A. ACKERLY, Treasurer, Cuba, N. Y.
