The second number on the Senior's Lecture Course comes on December 4th, Monday evening. On that evening Jane Goude, "The Girl From the West," will be the entertainer. Miss Jane Goude has artistry, versatility, personality plus, also in addition she has all the rich, fine, wholesome jest and spirit of her native West. Humorous and serious reading and impersonations are included in her repertoire. This number will surely be the most interesting of all the numbers on the course. Single admissions have been lowered to the meagre price of 50 cents per ticket.

Carl Hann, a very popular student and also a member of the present Senior Class, was taken to St. James Hospital, Hornell, Sunday afternoon, and underwent an operation for appendicitis.
