Mid-week service every Thursday evening. Next Thursday, we will continue our study of the "Unfinished Work of the Presbyterian Church in America."

"That which religion has most to fear is not outspoken but intellectual timidity and intellectual dishonesty among the supporters of the established cults. That which is true and best in religion must be harmonized with that which is true and best in modern science. Whatever cannot stand the test of criticism investigation and discussion must be discarded as worthless relics. Every new gleam of light should be welcomed with joy. The love of a progressive Christianity should be so intense as to make us willing to part with all other things for a better comprehension of Christian truth." Man must not be viewed as a fallen creature, totally corrupt, and in need of regeneration, but as a possible child of God, constantly rising, growing, developing into His likeness, whose destiny is to become like Him. A literal hell and personal devil may be needed in the childhood period of the human race as a deterrent for those who are retrogressively inclined, but find no room nor quarter in enlightened thinking."

We welcome YOU to all the services of OUR church.

For still another reason winter will be welcome. We are not so apt to become overheated during our arguments.
