The boys' basketball team went to Belmont Saturday evening to play a return game. Belmont took sweet revenge for the 61-19 trouncing which they got early in the season, by defeating Andover 28-18. Guilford was easily the star of the game, scoring six field baskets in the first half, but falling three points short of the total necessary for a banana split. The Andover boys seemed unable to keep their hold on the slippery floor. "Speck" Coyle, refereeing the game, called one personal foul against Andover and fourteen against Belmont. The first half ended 18-4.

The boys' basketball team went to Olean yesterday morning to take part in the Allegany county tournament. Their first game was with Rushford last night, winning that they will play the winners of the Almond-Belfast game tonight. The historical picture, "The Sea Hawk" will be shown at the Auditorium Monday, February 23rd; half of the profits of the show going into the treasury of the Senior Class to help pay the cost of a trip to Washington. Notice to Gas Consumers

Inasmuch as it is impossible for this company to supply all of its consumers with a sufficient amount of natural gas for all purposes during the cold weather, it urgently requests that all of those who are using gas in furnaces that are constructed for the use of other fuel, please cease to use gas in such furnaces and substitute other fuel in its place.

We would be greatly pleased if we could supply all of the natural gas needed at all times but we cannot do so. Therefore, its use from our lines must be restricted to those appliances in which other fuel cannot be used during the winter months.

Healthographs

The weather, changeable as it is, is responsible for many an attack of cold, gripe and rheumatism. Do not be an unwitting victim to such diseases. Neither must you take chances by attiring yourself too lightly. Above all, keep the feet dry and warm. If they do get wet, warm them up as soon as opportunity offers.

"All that glitters is not gold," neither is a February thaw the initiation of spring. Serious illness now is highly preventable. Watch your step!

Did You Ever Stop to Think

THAT fair competition is the life of trade.
THAT home business institutions that are helping to pay for the maintenance and improvements of a city are entitled to the trade of the citizens of the home city.

THAT outside business concerns do nothing towards the building of the home city and local merchants should not be forced to compete with them.
THAT buying away from home should be stamped out forever. Every dollar and every activity should be united to make business of the home city better. Now is the time to get busy and make local business better.

THAT every citizen should take an active and positive stand on all things that go to make local business better.

THAT all should take a mental inventory and find out how they stand in ability and honesty of purpose and willingness to make the home city bigger and better.

THAT no man is a success who only enriches himself. The man who is a success enriches the community.

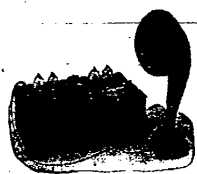

THERE IS ONLY ONE CITY IN THE WORLD IN WHICH TO LIVE AND PROSPER AND THAT IS THE CITY IN WHICH YOU LIVE.

A GOOD WAY TO BOOST THE HOME CITY IS TO BUY FROM THE LOCAL BUSINESS CONCERNS WHO ADVERTISE IN LOCAL PAPERS. LOCAL ADVERTISERS ARE THE PEOPLE WHO LEAD IN THE THINGS THAT KEEP A CITY MOVING FORWARD IN THE MARCH OF PROGRESS.

—E. R. Waite, Secretary, Shawnee, Okla., Board of Commerce.
