—Quality Brings You Back
—Inferiority Sets You Back

20 PEOPLE who start furnishing their homes at this store inevitably finish at the same place!

And from start to finish they find every piece they buy a profitable investment —with interest compounded as the years go by.

Money put into quality furniture is a life-time asset. Money spent for flimsy furniture is a short-time liability!

You can buy only quality furniture here—but at prices so low as to make any other kind unworthy of consideration.

The Romance of Furniture
