High School Literary Society

The first meeting of the Andover High School Literary Society was held last Friday afternoon.

The regular English class periods were omitted and all of the English classes united to form this Society, which meets once a week for literary work and oral discussion.

No officers have been elected as yet. The first day was spent in discussion and the principal problem now seems to be as to whether the president shall be taken only from the Senior Class and there seems to be many objections.

AUGUSTA COATS.

Mrs. C. S. Rennells, is visiting at the home of her sister, Mr. and Mrs. Clarence Zimmerman and family of Hornell, this week.

Misses Ruth Parker, Mabel Wagner and William Loughhead returned to Alfred this week, to continue their studies at Alfred University.

Healthographs

Eat, but be cautious as to what, how much, and how often.

Eat only foods in an edible condition, clean, fresh, tasty and well-prepared.

Eat more vegetables, eggs, cabbage, celery, spinach, carrots, etc., and less meat, pastry and fried food.

Eat meat that is roasted or boiled in preference to frying or broiling—if you must eat meat—and then only once a day.

Eat things in variety and combination.

Eat less than you do.

There are a great number of conditions and diseases influenced by the diet.

Here are some of them: Neuritis or rheumatism, diabetes, obesity, gout, scurvy, rickets, anemia, constipation, fatty heart, stones in various organs.

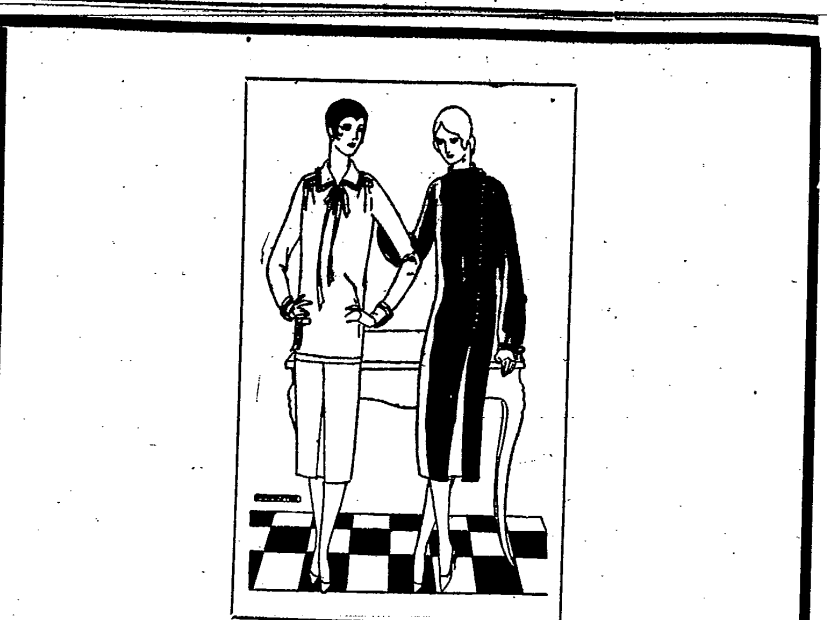

Eat with more discretion.

—H. G. STORNER, H. O.

An Explanation

Some criticism has come to my

knowledge, regarding my action at the time of the illness of Miss Gardner. I positively had nothing to do with her being placed in the care of the poor master, and no action or word of mine was responsible for this unnecessary action.

FASHIONABLE FROCKS \$14.50 to \$20.00

25 Years of Firestone Service

to Highway Transportation

25 years of anticipating the requirements of motorists—making manufacturing processes more certain—producing a higher standard of quality—25 years of unswerving adherence to the Firestone pledge, "Most Miles per Dollar"—summarizes Firestone's record of service to car owners.

This Firestone record could only have been made through furnishing the public with outstanding values and, consequently, your assurance of quality and lowest prices.

Firestone factories have grown from a small building approximately 75 x 150 feet to mammoth plants having floor area of over 60 acres—from a capital of \$50,000 to over \$50,000,000—from an annual sales volume of \$100,000 to over \$100,000,000—all in the short period of 25 years.

If you would like to know more of this wonderful record, ask your Firestone dealer to send you an illustrated folder.

With today's high cost of crude rubber and other raw materials, Firestone's opportunity to serve the public was never better, due to its great volume and special advantages in buying, manufacturing and distribution.
