WHY BUY EMCO GASOLINE?

A dairyman produced premium milk, receiving premium price therefor, but bought and used for his own use other mixed grades. The inconsistency killed him.

Oil producers should play safe. If you are producing Pennsylvania grade crude oil, getting a premium price therefor, you should not only try to buy under the emblem---

but demand it. Are you a booster for your own product? You get the premium because others recognize its premium value. Do YOU?
