Spending Dollars at Home

EOST Americans are convinced of the fact that it is per cent. better to buy American goods than those made in foreign countries, where American made products can be obtained, and it is well to remember that it is equally as sound business sense to buy in one's home town. rather than in some nearby metropolis, when the goods can be had at home.

For just as we want to make and keep America the most prosperous nation in the world, so we should desire to keep our home community prosperous and

Still Working Like Beavers

NORE than 200 years ago Herman Moll, IVI the famous map maker, produced a map of North America which included a quaint view of Niagara Falls. In the foreground a colony of beavers is building a dam to which they are carrying stones on their tails and sticks in their fore-paws.

It is many a long year since these industrious animals have been seen near Niagara Falls. But their successors, the companies comprising the Buffalo, Niagara & Eastern, are still working like beavers to bring the benefits of cheap and abundant Niagara power to the people of western
