WHITESVILLE ROAD. DONE THIS YEAR

\$2.00 the Year

The Work of Securing Right of Way Now Practically

their task to such an extent that the construction of the road will likely

go forward this year. The road will be of concrete construction and will connect the present stretch from Greenwood to Rexville with the village of Whitesville n Allegany county. In doing this, the stretch between Rexville and Whitesville will probably take a much different route in places than the present road in order to eliminate many of the bad places.

As the route now exists, Canisteo connected with Greenwood with a part concrete, part macadam road. From Greenwood to Rexville, a concrete stretch was finished last year and will be in permanent operation after a few changes are made this year. However, the worst part of the stretch is between Rexville and Whitesville, where a dirt road is now and Pitt Memorial Library. land, is continually wet and in early wagon and truck traffic has reduced

it to a very bad condition.
