## Record of Achievements

CUMMER days give good opportunity for thinking over a new campaign. Whatever happens, certain planks are a rough one to be trod. nailed fast in the Democratic platform. The complete Let the child have the money. Teach it to count re-organization of the state government, the retention it, to realize its value, to speculate on what it will buy; of the people, the Forty-eight Hour Law for women grow." more than all the accomplishment of a splendid pro- of what it gets in its youthful days—but in that expengram of liberal and humane laws affecting the welfare diture teach it to select something of practical value A of the people of the state, make a firm foundation to even the the cost be but a few cents.

nessed a campaign of education unequalled in the his- in the savings bank. tory of political movements anywhere. The most d. no difficulty in understanding them.

The Republican party will have hard scratching to dig up a platform that will hold weight compared wi the Democratic record of achievement.

# The Average

on the whole, only fair; fair sermon fair poems, fair manufactured products, fair crop nost of us giving all we can of self, we try

The average in people is seen in two things-ir and attainments. Some people are blessed with about 100 percent native ability, and their attainments are 50 percent of what they should be. Somethere are those who rank about 50 percent endowments, but their returns are 100 percent. Others are ble-sed with about 50 percent of what we like to call "genius," and their attainments are about the

Now the trouble with our world is that most e are in the third class when they could ju first class. The reason for this is that those of limited principle is not only wrong but it is perilous.

to serve arises from moral atrophy. It is the result of failing to exercise the gifts we do have. The person most highly blessed is not he with

have. The first may be spectacular, but the latter

far more useful.

living.

When a person makes a success in life, and towers An average person who fixes his eye on an average rd will do average work—which is far below the  $^{l}$ andard that should be maintained. About 90 percent

farther along in the world. The average person is needed for the reason that

# Nothing To Worry About

TINE hundred and one thousand persons moved away from American farms last year. They moved to the cities. But there's nothing to get excited about. Nearly half of the departures were balanced by the excess of births over deaths on the farms. The net le was 479,000.

A look around shows the city people eating as abundantly as ever, and there is certainly no famine

the agricultural districts. The fact is that with modern machinery and im- bobbed hair. proved farming methods it doesn't take so many people to produce food for the nation. Sending superfluou wrokers to the city is one way to improve the farming lawn mower and some elbow grease. situation, giving those who remain on the farms a better

The French and Germans have a potash combination, it's too bad they weren't able to get together back

## Youth Breaks Away

say that would be very much without principle. the whole we are not surprised that Judge Lindsey had a hard time getting re-elected.

# Watch the Pennies Grow

VERY little child receives many pennies and nickels 1. and dimes from its parents, and its brothers and sisters, and its uncles and aunts and cousins.

But what becomes of those pennies? In a few cases they go into a juvenile savings bank d are kept from the sight of the child. 'n many cases they come easy and go easier—the

child squanders them as fast as it gets them. And both cases are a distinct injury to the future

You can not begin too young to teach your child it fall issues. The wise acres in both parties are get-the value of money, to impress upon its little mind the ting ready to put on their thinking caps and scheme out fact that without money it will find the pathway of life

of the water power resources of the state in the hands but above all, instill in its mind a desire to "watch it h Let it spend a portion of its pennies--say one-half

Then teach the child to save the other half and

# Boys' and Girls' Club Work

business men should support club work among boys

The members of the clubs are of school age and are oest efforts of the members through co-operation, and aluable to the farmers of the future.

Club work also supplies a community interest that

invaluable in k-eping boys and girls on the farm xpression and self possession. Most valuable, perhaps, of all the advantages that

t to the boys' and girls' club program, is beyond!

# - Growing Old Gracefully

desirable goal in life. Worn out by the almost constant man beings, many of us are unable to see much except he dark side of the picture that old age provides.

In every community many can be found who go down the slope of life happy and contented, whereas see no good in anything.

birthday, and Chauncey Depew, who lately passed h ninety-second milestone, are outstanding examples of men who have grown old gracefully. Cannon voluntarily retired from public life in if er a hectic career of fifty years, content to bask in

Depew, likewise retired, is an optimist of parts'

laverage college graduate. The world would be a vastly improved place if there! were more Cannons and more Depews-more men and (women satisfied with their fling in life. Living on the shady side is much more pleasant when there comes a

Lipsticks are considered good taste-at least that' what some of our young friends say.

A one-horse town in this day and age is any town (where there isn't more than one dance a week.

One nuisance, when you get rid of it, is invariable sllowed by another equally as bad or worse.
