A Hint For The Young Jelly Maker -By Elizabeth Palmer

Even your mother-in-law can't make better jam or jelly than yo can make by the new Certo method

just the right stage of ripeness called for to say just when you fruit has been "boiled down" enough Any fine, ripe fruit you like will not have to boil it down. Just bring your fruit and sugar to a boil, add Certo, let it boil hard for a couple of minutes, and it's done. Your jams and jellies will look prettier and taste better, because the short boil with Certo saves the your fresh fruit. It also saves the juice which used to boil away, s that you get half again more jam for jelly from your fruit. A book of simple, tested recipes comes with each bottle of Certo. Your grocer carries Certo, or you can send 10c (for postage) and get a trial half-size bottle which will make from 6 to 10 glasses of jam or jelly, depending upon the recipe

WELLSVILLE'S GREATEST DOLLAR DAY THURSDAY, JUNE 24

ORTY of Wellsville's leading merchants, representing every line of merchandise, have made elaborate preparation for a Dollar Day event that will out-rival anything of its kind ever held in the past, offering as it will, saving opportunities that no one within a 40 mile radius can afford to miss. Profits on this occasion are practically lost sight of—the prominent incentive in launching the Sale being to create friends and good will and attract buyers to Wellsville. Come to Wellsville on this day-Thursday, June 24th—bring the whole family and take advantage of our beautiful Island Park with its large covered pavillion —tables—free gas and water—swings—quoits, etc. Shoppers are also invited to make use of the Rest Room, near Fassett House where all the buses stop. A lady attendant in charge at all times and nothing to pay.

A large special edition of the Wellsville Daily Reporter Monday next will contain all detailed information of the Sale, whether you have access to it or not, come just the same; you will be amply rewarded.

MERCHANTS OF WELLSVILLE
