Compulsory Treatments

sition to compulsory vaccination or inoculation to child- dependence. ren, for prevention of certain diseases. Any attempt | Saturday is to be Monticello Day to commemorficial or physician will ever try to do such a thing or Sesqui-Centennial Independence Day in honor of the even allow the public to believe that they would favor 150th birthday of the nation. such an effort.

the source it comes from. It should never to be re- to those who built so wisely that we might enjoy libersorted to by any one unless it is for the punishment, ty and happiness to the extent never before known in I after due trial, of crime committed against the people. the history of the human race. We have no fault to find with those who honestly believe these preventative remedies are good and wise precautions for children, when they try to convince out of a lawn mower as out of a golf stick. parents or guardians of their efficacy and to look at the matter from their standpoint, for they are doing what they believe is for the good of the community. when they try to force their dope down the throats of THE United States senate prohibition sub committee such action every inch of the way.

Putting Age on Life

THE centenarian is more commonplace than he once when living to be a hundred will be such an ordinary Island and New Jersey. Both Republican and Demothing that no one will boast of it.

director of the American Child Health Association, to bring about a vote on the question. who believes the health of the nation to be improving sporting chance to live to be a hundred.

he says, "we should add ten years within the next and sale of intoxicants. twenty to life expectancy. We have lengthened it ten In 1936, it is my belief that centenarians will be com-they have nothing to gain and everything to lose.

degree of certainty.

Each year brings new conquests of dread diseases. generation so that it is not improbable that ten years fect as about forty states had voted for prohibition. from now a death from one of these diseases will be

sponsibility. be benefitted by it. There must be a popular under-the question because they can win nothing more than standing of the value of health and how to keep it. they already have. Yeoman service is being done in this work by public health authorities, private practioneers, volunteer health agencies and the press.

eventually take the news value out of the centenarian. he mounts a horse. There isn't much hope for the future of a boy who can't find a swimming hole these days.

Cutting the Surplus

common chiefly to the feminine sex, deserves some at-Hegal separation.

the other and should be considered in this light. plus which will not affect prices on the domestic mar- his laws for him. Yet he had laws handed down from barn where the owner may call for 4 ket. The women also have a surplus problem, and in generation to generation, that he respected and obeyed. them. trying to solve it, are making the farmer's trouble more

It's not difficult to see what damaging effect the dieting of a rew hundred thousand women, more c less, would have on the demand for farm products, straight, but murder statistics indicate there is noth- er calls for them she will have to Certainly the market for corn beef and cabbage is suf- ing the matter with the average American's aim. fering, not to mention the demand for potatoes and other starchy foods.

This question thus becomes a double menace in ed and will be valuable for keeping track of the living care and keep. that it is restricting the farmers' market, and, accord. expenses. ing to students of the question, is responsible for ill health among women.

bring the question before the public. It will require that's held up. some, if not all, of our best minds to find the correct solution, which, if discovered, will have a vital bearing on the important question of farm relief

A Fourth of July "Week"

THE Fourth of July will hove an added significance this year on account of this being the 150th birthof the Declaration of American Independence, and the centennial of the death of its author, Thomas Jef-

For patriotic communities that wish to commemrate fittingly the unusual occasion, the Fourth of July!

More thought ought to be given to the meaning of Fourth of July because the celebration has come to e meaningless to a large majority of the people-just l

Beginning Monday, June 28, Patriot's Pledge of Faith Day will be celebrated in honor of the 150th anniversary of the day the Declaration, drafted by and in the handwriting of Thomas Jefferson, was first presented to the Continental Congress. While the mayor of Philadelphia is ringing the Liberty Bell at eleven . m., it is suggested that governors and mayors thruout the land ring bells as the "Echo of the Liberty

Tuesday will be Universal Education Day in honor of the great American system of free education which Jefferson aided in establishing and Wednesday is Founders' Day, in recognition of the noble efforts of those who built upon a solid foundation the beginnings of a government destined to lead the world. Thursday will be Greater America Day to cele-

brate the Louisiana Purchase by Jefferson, and Friday will be Signers' Day, in honor of the memory of the HE WHITESVILLE NEWS last week joined forces brave signers who proclaimed to the world a new docwith some other county newspaper editors in oppo-trine of government—the immortal Declaration of In-
