OUR KEYNOTE: "If There is Not a Way, Cat a Way."

of Congress, at the Postoffice at Andover, N. Y.

### Varying Farm Views

THERE one farmer says that each farmer will have world that has devised permanent tops for cars and to work out his individual problems, another be- hasn't done a thing for a bald man. lieves that the only solution lies in organization. Still another, believing that organization is the only way out, admits that there is little hope thru organization because farmers cannot agree on the methods to be THE International Hobos' Association held an eastern

The principal aim of organization, aside from cooperative marketing, is to obtain some advantage thru legislation. Farmers have been criticized because farm re senators of the middlewest made a determined stand come extinct. for a law which would remove the blighting effect of the surplus farm products sold in Europe, because the stage. He doesn't roam the country as he once did. price abroad determines the domestic price.

'this situation because the bloc is not new in legisla- upon the home dwellers and kept them in fear of intive matters. Farmer senators and representatives acted more in self defense than they did thru any desire to advance the interests of their constituents. being of a group of people ahead of the national wel-J' fare and this method of passing laws, carried to the fellow wayfarers yet to come.

arise where one injustice can't be righted until another has been used to show the evil of the first. Perhaps the farm bloc may be able to prove to the nation that the bloc in the national legislative halls is wrong and that the only way to correct the wrong is to change the method of passing laws.

formed the hapless one whether a vicious dog lurked behind the garden gate unseen, whether the cook wielded a mean broom or the one who ruled over the kitchen had a warm spot in her heart for the unfortunates who were forced thru circumstances or nomadic instincts to beg for food.

Congress is the national law making body and was never intended to be influenced by local prejudices that would cause the people of some section to profit more more received foregathered and shared the food they received from generous neonle. It was generally in the vicinity of than those of another section. The condition exists, generous people. It was generally in the vicinity of however, to such a wide extent that groups are con- a railroad where a quick exit by means of a freight stantly pressing their claims and others are organizing for officers of the law.

Every now and then someone you haven't missed ! comes up and tells you he is back from his vacation.

### Wider Roads

THE nation has approximately a half million miles 1 of hard surfaced highways. If a decade ago some- R. COUE, the famous Frenchman, is dead. He

Good paved roads have brought heavy increases in growing better. traffic, which was undreamed of ten years ago, with the result that the biggest problem of the present is not so least, it was not successful in the case of the originator

A slow moving truck or any slow vehicle will block existence. traffic on a narrow road because there is no chance to It is possible that Dr. Coue didn't practice what he Mr. and Mrs. Elmer Lanphier of by building shoulders on their paved highways to over-terms are applied.

come the difficulties that narrow roads present. It would seem to be wisdom to build the hard surfaced roads of the future wider than they are being at home and then him most avantables they use away.

Iney give advice to others that they never lonow themselves. They become enthusiastic about trading Dickens of Wellsville, a seven and

### Women Bootleggers

MAJOR WALTON A. GREEN, retiring "chief sleuth". of the prohibition department, is authority for the statement that women are entering the bootlegging business rapidly and are succeeding more than men in is being gored. the business. The desire for fur coats and expensive! clothes is spurring women who lack morals into the liquor business and they are more successful in dodg. not a healthy practice. ing dry sleuths than men are, Major Walton asserted. This may prove somewhat of a shock to some folks but it should not be forgotten that in these days of have been some load for a half dozen young men. "equality" the frailer sex has gone in for many of the masculine "professions" and has succeeded eminently

In this connection, it is stated a pretty woman went to Washington looking for a government job two months ago, was unsuccessful, turned bootlegger and much practice. since has sold 70 gallons of home made Maryland rye

whiskey at a profit of about \$1,000. Green was unable to give figures but estimated the feel just well enough to go fishing. total number of female liquor sellers "up in the thou-

Porida claims 500 women bootleggers in that get a chance to think? state alone, according to a recent statement by the state dry director.

<del>----</del> Los Angeles' east side was shaken by a dynamite! explosion and there wasn't a moving picture machine on the job to get it.

### Over-Exploitation

TIVE persons are reported dead and 20 in hospitals [P ■ following a free wine orgy in Cologne, according to !: dispatch from Berlin. A wine laden vessel was wreckd and wine casks were captured from the current and !" their contents consumed. Two persons were drowned. I' would be broadcasted far and wide and held up as ? horrible example of the effects of prohibition. pagne before a company of men and the newspapers I' (were full of the drivel. Most anyone could take .. \$2.00 bath in any sort of intoxicant in "the good old days";

s and an enterprising reporter can nearly always !

Major Walton A. Green, retiring director of the prohibition secret service organization, says that one secret service has made a "very appreciable dent" in large scale international liquor smuggling. He estimated that less than ten per cent, of the liquor drank | W fin the United States now is imported.

Prohibition has been attended by new evils, but []]" la larger consumption of intoxicating liquor is not one IIII of them. Prohibition enforcement is not perfect and Inever will be, but it certainly is an improvement over The days of the vile and open saloon.

We are lulled into a stupor by the assurance that W dight wine and beer will not mean a return of the sa- | P floon but where will the stuff be dispensed of, in the W millinery stores?

## The Disappearing Hobo

conference at Philadelphia. It was not related how .. large the attendance was, but most of us had about reached the conclusion that the genius hobo had be-

In late years the hobo has almost passed off the Cautious housewives do not need to have a "hand-out" ] But the farmer is not so much to be blamed for ready for the "knight of the road," who once prayed jury if they did not comply with the request for food. "Unknown Tramp Blamed," the newspaper headlines once said when there was a fire of uncertain or-The bloc system is all wrong. It places the well igin in the country or some misdeed had been committed. Time was when the tramps had a system where-

One wrong does not justify another, but situations formed the hapless one whether a vicious dog lurked

\_\_train was possible because tramps were common prey !!

The danger has been seen by many people. is the wish of everyone, for a tramp was a menace, But those days have gone forever-at least that Whether it will be corrected before disaster comes is one of the biggest problems confronting the American means of dealing with him. As a rule he broke no law, but he was a constant threat against the peace and orlder of the community where he lingered. <del>----</del>0-----

To the pure all things are pure, but to the simple fall things are complicated.

## Preaching and Practice
