## The Season of Romance

SPIRIT of romance pervades autumn of the year H which few, for fear of ridicule, will admit sensing. | year after year the destruction increases. The most | 1.

might hearken back to the days of boyhood when au- to \$17,937,454 in a year, and so on. tumn was the cue for hunting nuts, squirrel shooting, l corn roasts and football. Ask any boy which is the best season in the hills and the question will find autumn on the tip of his tongue. The spirit of romance encountered this time of )

the year in the workaday world may also be traced to the fall holidays and festivals. There are Hallowe'en and Thanksgiving Day. What festivals could be more CUCCESSFUL men in any line of endeavor do abound in tradition, adventure and romance. Imagin-lonly makes them work harder. ation is nine-tenths romance and Hallowe'en and Thanksgiving Day exercise a strange appeal to the im- continually lamenting that business is bad. In time

And if the adage is true that "the way to a man's will go elsewhere to trade. heart is thru his stomach," then the harvest accounts ! for a part of the romantic atmosphere of the season. Where is to be found romance in greater abundance see nothing and think nothing but failure. Other BARBER SHOP NOTICE than in a golden brown pumpkin pie, in a glass sweet cider, and in a basket of new apples?

have it.

## School Criticism

the public schools reflect that any criticism that is he gets. uttered without giving due consideration to the fact.

There are those who are unduly critical of the exercised, they are little better than a burden. schools of this age. They seem possessed with the idea that the schools have advanced too far and that they have not given enough attention to the funda- and butter for not voting. One man is enough to supmentals—at least the things that were regarded as port. fundamental in their day.

An inspection of what the pupils of today are doing is a revelation to one who has been out of school effeminate. However, after seeing a good for a decade or two. It will be discovered that meth- game, you'll feel differently about it. ods of teaching have undergone radical changes; that children are given practical knowledge that the schools New beauty champion of America has long hair, Parco Dairy, 20%..\$44.00 so old remember the assassination of Garfield and McKinley. These children are given practical knowledge that the schools New beauty champion of America has long hair, of an earlier day did not provide; that they are taught indicating some of the judges were hair tonic salesmen Mon E Maker, 24%.\$46.00 were amazed to see that everything went on as usual. to keep in touch with the world outside and to be pre-instead of fashion designers. pared for the competition that comes with maturity. Many have been too quick to condemn the schools | for the actions of one pupil or a small group of pupils. and, if successful, might try the experiment on an-They frequently judge the system by one of its pro-other region that is supposed to be super-heated. ducts without any comprehensive study of what the

schools are doing and attempting to do. It's not doing justice to the schools to conclude worse. that athletics or some other activity are given tho much prominence without first determining what all

are, from the school standpoint.

medical aid for the sick.

## Calamity From Floods

THE continued ravages of high waters in the middlewest have been little short of a calamity. Any es-[much to the disgust of the shoe men. timate of property loss would be a hit and miss affair. probably less than the actual damage suffered by rura. The loss of Illinois' corn crop alone has and there are plenty of laws to go around. been placed at ten millions of dollars. In cases of in-Hundreds of families have been stripped of their should go to Mexico to get robbed.

possessions by the floods. All their savings washed away, they are leaving regions of disaster for other places. Bravery of the Spartan type is needed to face riage ties are slip-knots. the future after such discouragements.

Disaster such as the Miami, Florida, hurricane soon pass, but the floods and their attending woe have perfected is the getaway. been continuous for weeks. The people of the devastated sections deserve the deepest sympathy and all the aid it is possible for relief organizations to extend. that quite fair? Money gifts scarcely seem adequate, but they provide food for the hungry, shelter for the homeless and

[would have to go out of business. It is our inordinate h. Idesire to get something for nothing-to ride free-1. that makes us fall easy victims to their machinations. 1. It is cupidity in a man that makes him look fixedlly out of the street car window and take on an attitude of having been there a long time when the conluctor comes by collecting fares. He is getting a h ride free. Perhaps he doesn't realize that he is at the same time deliberately stealing a few pennies. The trouble about cupidity is that it is an incip-

lient disease. It marks the beginning of a breakdown of moral fibre, and unless checked and rebuked, lmay land one in the penitentiary.

### An Old Story, But—

OGDEN L. MILLS ONE week every year the propagandists turn loose h. Uupon the American public a flood of edifying ora-JAMES W. WADSWORTH tory and publicity. They analyze the causes of the Ination's annual fire loss of 20,000 human lives and SEYMOUR LOWMAN property at more than \$550,000,000; find these causes h to be wholly or partly preventable, and preach care-). VINCENT B. MURPHY fulness as a means of prevention.

"The greatest strictly preventable cause of de-ALBERT OTTINGER structive fires is matches—smoking," they say. let's all be careful with matches. Let's not throw ). BENJAMIN CARDOZO smoldering cigarettes and cigars where they might staft a disastrous fire.

"Another constantly active firebug is spontaneous) Let's thwart him by not allowing rubbish to collect where it might generate gases that will start fires. Let's clean up all our basements and attics." Year after year this propoganda goes on-and

Perhaps romance is something for lovers, the adoles- recent report of the National Board of Fire Under-) cent and women folk and to be spurned by sober man-writers shows that, of the ten chief causes of dwelling h. hood, yet most men, if honest with their fellows, would house fires, eight caused more tremendous losses last be compelled to confess to a quickening of the pulse year than the year before. Matches and smoking, for when the first leaves fall and darkness comes before instance, caused a loss of \$30,281,840 last year as . against \$29,045,007 in the previous period. For an explanation of this fall romanticism one due to spontaneous combustion rose from \$16,110,945
