Senior Ediotr.

The new Kappa Zeta pins have arrived. They are much better quality than one would have believed Sunday morning at 10:29 and in and for the moderate price paid per pin. the evening at 7:30.

called by the president, Julia Joyce, Thúrsday, January 9th, in order t to join the Kappa Zeta. Initiation will take place some time after Regents week.

Any Alumni members of Kappa / Zeta who wish to get the K. Z. pins please see either Julia Joyce, presi- / dent or Glenora Baker, secretary,

Well, we went, we saw, we were conquered by the superior teams of Bolivar High. The girls lost the first game to the 'tune of 37 to 3. The boys were defeated by a score of 57 to 14. The scores do not start! to indicate the battle the Andover teams put up until the blowing of the last whistle. . Thursday night the Belmont

High School teams played on the local gymnasium. Very close games are in order. Next Thursday, January 23, the boys' and girls' teams journey to Whitesville. On the next night, January 24, the Hornell Comets will be the attraction on the local gym. The Comets have a very good team. The

town team will be more than extended in their efforts to win. The boys in the last four grades are very much interested in basket-There were two divisions made, one for boys over 85 pounds and one for those under the same

Homespun Yarn Plenty of sleep and outdoor play

Uncle Ab says that folks who always "say what they think" seldom think what they say. If soft custard curdles set it a pan of ice water and beat smooth with a Dover egg beater.

Fifty-six lectures, demonstrations, and conferences are scheduled for poultrymen at the annual farm and home week February 10 to 15 at Cornell University.

Alfalfa leaves and flowers make up 43 per cent. of the hay, the leaves contributing two-thirds of all the crude protein, three-fourths all the fat and most of the lime.

Candlewax stains on linen or clothing are usually paraffin colored with dye. To remove them first scrape off the paraffin with a dull knife and remove that which clings to the material by pressing with a

tetrachloride gasoline. If any dye remains sponge
