ELECTRIC COOKING banishes sooty pots for a few cents a day

TOU can say goodbye to black-... ened pans when electric cooking comes to your kitchen. For an electric range is clean as a china plate. There's no smoke or fumes to soil wallpaper or curtains. No soot to dirty your pretty cooking things.

And modern electric cooking is fast. Oven heats to 400° in 10 or 12 minutes. New, improved burners are swift, quick-heating. Heat-sealed, automatically-controlled oven cooks while you're away . . . does 2/3 of the cooking with the heat turned off. And costs so little to use...about lc a person for the average meal.
