What Happened Beforeby Mr. Cooper Clary, Leeson, an at- broad forehead, to know that as Devil-May-Care because of her shaped head. dventurous, eventful life. In a She was the most impulsive crealagine."

Aboard Stevens' boat, the Minera short distance under water. ence of Lucy. Lucy reaches land and meets Dr. Fergus Faunce on an island.

takes care of her and takes her **home. Everyone is worried about** ler, and when she meets Stevens h is frantic, regretful and still ardent in protestations of love. Leeson informs Lucy that Stevens must raise a quarter of a million dollars or go to jail-at five o'clock. Lucy goes to her bank and raises

the sum. Lucy goes to Stevens to help him, but he refuses to take money from woman to whom he is not married. So Lucy marries this man that she hates, and promptly runs away from him, going to her staunch friend, Dr. Fergus Faunce to tell what she has done.

Now go on with the story: Tim Stevens left the villa of his wife in a state of mind that bordered on insanity. Bewilderment, out raged pride, denied love-all these conspired to render him something from the Gulf Stream blew upon

**home** he was able to think coherentof a cheap novelette, he could not the flesh but of the soul.

and by the time he reached his own!

... but dinner's COOKING

SURE, she's out. And she can spend the afternoon out, too, when electricity is watching her dinner!

That's one of the joys of electric · cooking . . . you slip a whole meal in the oven, set the regulator, and go away for the afternoon. The watchful little regulator turns the current off at the right time. The heavily insulated heat-holding oven keeps dinner hot.

But automatic control is just one feature of electric cooking. There are lots more . . . and meals cost only a penny a person cooked electrically! For, while the price of most necessities has almost doubled, Niagara · Power Service costs you less today than when the first man ventured into a "flying machine."
