TO WONDER she has time to take the kiddies for a spin while the sun is high. She should, worry about dinner. Her electric range is cooking that. It will be waiting, piping hot, when she gets back.

Her modern electric range has a pick-up that rivals her black-and-tan roadster. Its big surface heating units flash red at the snap of a switch. Its heavily insulated oven reaches a baking temperature in just a few short minutes. An automatic oven control stands sentinel over her cooking.

How much does this cost? Just about a penny-a-person-a-meal! For while the price of most necessities has almost doubled, Niagara Hudson electricity costs less today than in
