### Knowing Their Bible

STRIKING illustration of the part played by the H Bible in the lives of successful men and women found in a series of favorite passages of 70 celebrities recently compiled by the Bible Guild.

with a perfunctory naming the most familiar verse that up by bandits. came to mind. Instead, they quote passages, reflecting their profession, their philosophy, or their personality. A former prize-fighter quotes: "He that ruleth his spirit is better than he that taketh a city." A famous novelist refers to the majestic beauty of the Book o Job. A juvenile court judge: "I delivered the poor that cried, and the fatherless, and him that had none to help him." A surgeon who has saved hundreds of

lives: "Yea, the I walk thru the valley of the shadow of death, I will fear no evil." The Twenty-third Psalm appears to be the most general favorite, while the Sermon on the Mount fur- day and then criticize the church because it does not nished more individual verses quoted by these men and draw crowds. women. Many find in the Gospel according to St. John the passages that mean most to them. But outside of ate into a sour-faced, disagreeable, self-satisfied, chronic these, choice is highly individual. Many verses learned grumbler. in childhood or early youth are quoted from memory.

nizes Henry Ford and Amelita Galli Curci and Booth verse and shape their lives to it. While religious education is gradually being reorganized on a new basis, ple should not be. millions of children are growing up without finding in home, church or school, any incentive to the study of find in it the ideals that ere influencing others for the heart wander.

### Spending Our Money

This rule applies the world over.

000 to spend within a given length of time. Is it better to keep the profits at home and in cir-

er's profit is 15 per cent., or \$75,000. If the people send away for this \$500,000 worth away. We will never see it again.

portation charges. The 15 per cent. profit will remain at home, a well as the overhead expenses, such as clerical hire,

insurance, heat, light and various other items. Keeping that money at home does two important openers. things. It increases the money in circulation at home, and it gives employment to local people. People who are in the habit of patronizing their home merchant invariably have a better and more

### These are facts worth looking in the face.

#### Jury Service

but it is one of the last duties the average citizen erage man is unable to explain. is willing to perform.

to evade service on a jury.

are willing to serve. Mr. Average Citizen feels that he cannot afford to being.

neglect his business interests in order to spend two or three days, or perhaps a week, in a jury box at small

The financial sacrifice such service entails is a negie medal. barrier between him and his duty to his community. He forsakes duty in his attempts to evade making the

that increases the tax burden. .

#### Planting a Tree

that are not fit for anything except the growing o

And they go right on being idle for the want anyone with enough foresight and interest  $i_{\Pi}$  future generations to plant trees on them. There is very little, if any, land in this commun-

it is the patriotic duty of the owner of the land to put it to work growing trees.

Convincing statistics have been gathered to show that reforestation is the only hope of the United States if its supply of timber is not entirely exhausted.

Tree planting is the stepping stone to forestry. If you have a spot that will grow a tree, plant If you have an idle acre or two that is not busy, as all land should be, plant trees. you do plant a tree, the American Tree a job.

#### Health Is Wealth

TEALTH is wealth, someone has said. It is also hap-I piness, because to be unhealthful is to be unhappy. That happiness means health has a scientific basis, to'a noted scientist, who has experimente

Those that have been tamed so that they could be indled in the hand do not suffer the ill effects from experiments as do those that are wild and afraid during the experiment. This is directly due to properties of several glands

which are like glands of internal secretions in the human, this scientist says. Since fear affects health and therefore happiness, wise people will avoid fear. Most fear is fancied, anyway, and is a mental!

ondition that in a large majority of cases can be over-To be healthy and fearless, then, is to be happy, which is the goal of every human being.

What a funny world this is. When our hands are Few of them, if any, seem to have been satisfied not being shaken by candidates, they are being ordered

#### Chronic Pessimists

T'S the easiest thing in the world to knock. It's the easiest thing in the world to stay away from the primary election and then complain about the

nominee of your party. association meetings and then knock on the schools.

It's just the easiest thing in the world to degener-

Every city, every town, no matter how large or | how small, has its chronic pessimists, who see nothing We wonder whether boys and girls who are setting but the bad in everything and do nothing to correct it. Tarkington as persons who have attained success, know a horrible example for the rest of us, and even the their Bibles as well-well enough to pick out a favorite they do no good, they at least forever will stand out as a living manifestation of what forward-looking peo-

Absence may make the heart grow fonder, as the the Bible. But every one can have his own Bible and saying goes, but it sometimes has a tendency to make

#### Marriage Licenses

TT HAS been stated that in many localities there is a THEN a merchant sells an article he makes a certain a general and dangerous tendency to regard marriage Profit over and above the wholesale cost of the licenses as "bought" rather than "issued." Perhaps goods, the transportation, and the cost of handling. the marriage license is commercialized in some states | by the fact that the money which the clerk receives as Suppose the people of this community have \$500,- salary, is based on the amount of business he handles

with such licenses. One could readily see then, that a clerk employed culation among us, or is it wiser to send it all away? to issue licenses on a commission basis, would not For purposes of illustration, we will say the deal-challenge any statement that the applicant might make in his request for a license, in fear of losing a "sale." The marriage license business is not alone conof goods all of the money they send away will stay fined to the clerks who issue the certificates. In addition to the 10,000 persons who issue licenses, there are If on the other hand, the people buy those goods 130,000 ministers qualified to "tie the knots," and for from local dealers, the only money to be sent away those who do not engage ministers they have their will be the wholesale cost of the goods and the trans- choice of 30,000 different officials, from justice of the peace, on up to higher court judges.

> Reports show that blindness is decreasing, which is not surprising in view of the large supply of eye-

#### Longer Life

prosperous community than those who have the catalog Today he is only in the prime of life, with many years of usefulness yet ahead of him. In Poland, the "oldest inhabitant" is still farming at the age of 132, and he isn't worrying about the ap-

proach of death. We appear to be a generation of people enjoying TURY service is one of the first duties of citizenship, longer lives than our forefathers, a fact which the av-
