Best of all, with our liberal puronly half as much as what you now The reason is simple—gas and water are relatively cheap, and Electrolux freezes with a tiny gas

flame and a little trickle of water. Absolutely Noiseless

There is no machinery, no moving parts at all to make the slightest sound. Electrolux is noiseless when you buy it, and forever after. With no machinery to stop and start, the cold is constant and the temperature varies scarcely at all from . the ideal food-preservation point. That's why, too, you always have plenty of ice cubes on hand.

Furthermore, there is nothing

about an Electrolux to require
