MULLININ

BETTER BUT — ONLY MOTHER NATURE KNOWS WHY

Nature, for some reason one may never know, chose to give one small section of the country a deposit of crude oil that is different from that found anywhere else. This crude is called Pure Pennsylvania and is produced in New York, Pennsylvania, eastern Ohio and West Virginia, recognized by experts as "the highest grade oil in the world." It has qualities no other oil possesses. Qualities supremely essential for the manufacture of a superior motor lubricant.

These qualities are: Ability to withstand terrific heat without breaking down --Ability to lubricate safely a greater number of miles.

If you have never used this marvelous motor oil, have your crank case drained and filled with it. Then driveand judge its superiority yourself. The best by every

You Will Like Our Service
