

Make Prosperity a Family Habit..

Among our depositors are many families whose three living generations habitually bank with us. Invariably we have found that those who have learned, and have taught their children, to save regularly, are among the most prosperous families in Andover. Saving regularly involves self-sacrifice—to a certain—healthful—extent. It involves close adherence to a principle—but it results in a safe and sane prosperity—A bank, which has earned the confidence of three generations of many families, tells you this—and invites you to duplicate their prosperous history. That family wins, which works and saves together!

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

We stayed in Midland ten days, visiting its resorts and the places of historic and civic interest in that vicinity, also enjoying the pleasures afforded by its municipal advantages and then, altho we were most comfortably located, the call of old familiar places and associations farther north was not to be ignored, and we took to the highway again.

Our first stop was at Gravenhurst where we found Tom Windsor and family occupying a cottage that he and I had built on the shores of Gull Lake just east of the town 24 years ago this summer, as we had been camp mates for seven seasons previous to the cottage venture there were many events of earlier days to recall and a full talk fest of occurrences since we had met three years ago.

From there we went on 110 miles to Callander the town which has been our vacation address for so many years and we are so familiar with its people and their interests that it is like going back home. We always have a thoroughly good time during our stay in Callander, but feel somewhat lost without the cottage which he have enjoyed so much and gave up with such regret.

However, the sight of the beautiful big mill, the acres of clean smelling piles of lumber that occupy its location, and the hum of activity that emanates from its operation makes us realize that its payroll is of much more importance to the community than many mere summer habitations could possibly be.

When we first drove a motor car to this spot ten years ago, it was something to talk about. The road for 150 miles was narrow, crooked, rough, hilly, full of sand traps, and altogether terrible with at least ten good thrills to every mile, and the whole day early and late none too much to safely negotiate the journey.

Very Handy

It makes some people dizzy to bend over. A long-handled dust pan saves many bent backs. We offer a good one and good looking—38c.

First Stude (writing home: "How do you spell 'financially'?"
Second Stude: "Financially, and there are two R's in 'embarrassed'."

It Won't Work

You can't mend broken backs with China cement, but Strit's Glue will permanently repair anything made from wood, glass, china, leather, bone or ivory. Try it where other menders fail, it is guaranteed. A garage man at Greenwood repaired a broken engine head with this product. Its uses are legion and a package will save you many times its cost in prolonging the useful life of articles that would otherwise have to be thrown away.

Ready for Winter?

Heating plant all ready for firing up? Better look it over and see if repairs are needed, and let us get your order on the way.

Sometimes the particular part you want is out of stock and has to be made, so it is always more satisfactory to give plenty of time.

If you don't feel up to looking over the job yourself, phone us.

For the Lady

Who likes to take up and care for her flower bulbs we have a special light weight apading fork, it is a well balanced tool of first quality and will be found very useful also around the lawn and garden.

Calling Your Attention

Again to Murray Auto Tires and Tubes, quality products at the lowest competitive prices.

A lot of drivers around Andover have found out that outfitting with Murray's has taken all the worry, trouble and guesswork out of their tire problem. They have contented minds and rest assured their every dollar they invest in Murray Tires will give them 100 cents worth of transportation.

There is only one thing to think of when you are shed with Murray's—no matter what happens you must be satisfied as the guarantee is just as simple as that.

We have your size or can get it the same day.

Ride a Bike?

Then you will occasionally need to re-tire, try our U. S. Thornproof at \$1.45.

"So Mrs. Riggs started going to church again. Change of heart?"
"No, hat."
