Guest Passenger Wears Men's Clothes

The weird tale of a motorist's narrow escape from a holdup bandit was told to Andover police the other day.

The motorist who was driving from Andover to Wellsville picked up a passenger who purported to be a woman. The stranger was garbed in a dress and wore a woman's hat. But the critical eye of the motorist found that the "female" was wearing gentleman's trousers which protruded below the extremities of "her" skirt.

He promptly pulled up beside the road and asked the guest passenger to look and see if one of the rear tires on the car was flat. Complying with this request the would-be bandit got out. This gave the driver an opportunity to escape. In a basket left behind in the car the driver found a gun. This confirmed his belief that he had escaped a holdup. He rushed back to Andover and related his experience to police.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

And now we know why cats are so musical—they're full of violin strings.

For Winter Driving

The Murray Tire Company has effected a great improvement in both four and six ply tires, by using a softer, tougher tread and increasing the size of the tube chamber. This means that the same air pressure is carried in a larger space, giving you a softer cushion between rims and road.

This softer tire brings more tread surface against the road, increases traction, prevents skidding and is therefore safer and more comfortable. No advance in price, no change in guarantee.

Wood Cutters

We have some good news for you. A fine double bit ax with select hickory handle, \$2.35 and a good five and one-half foot cross cut saw \$3.95.

Warm Coats

Leather, Canvas, Corduroy, Sheep or Blanket Lined. A fine assortment at the lowest prices ever. See the big boy leatherette with sheep lining and collar at \$3.98. A real bargain.

A New Circulator

Double drum interior construction long fire travel against baffle plates—all the heat taken out of the fuel before it gets away.

This stove is beautifully finished in natural grain walnut enamel, has a burner with 98 ports that has been tested and approved by the American Gas Corporation; it is safe and efficient.

Burns natural gas only and will deliver at least twice the heat from a thousand of gas as the usual open stove. Priced at \$49.50.

When Winter Comes

You will be rushing around to get your order in for storm sash.

Why not look ahead just a little and have them all set before those snappy days arrive?

It's a mighty cold fingered job to hang storm sash in zero weather.

The census reports that widows are twice as numerous as widowers. This seems to confirm the belief that women learn quicker than men.

Gas Globes

We have just had the good fortune to pick up a small assortment of Inverted Gas Globes, clear glass, frosted and decorated.

We can now fit you out with glassware suitable for your CEZ three-mantle lights. Present stock limited to three dozen globes so if you wish for some act quickly.

Hunting Knives

A new and splendid assortment; values that have formerly sold up to \$2.50, now your choice for \$1.00, and a style for every need.

Sportsmen will find in this assortment just the knife they have been looking for at one half usual cost.

Lanterns, Too

Last week we told you about the trade-in on Aladdin and Coleman Lamps. We now have notice that the exchange may be made also on lanterns.

This is a fine opportunity to pass along the old lantern as a good part of the price of a new one.

Valcor

A soda concentrate that kills bacteria and disease germs. Use it for cleaning milking machines and all utensils that contact with milk.

A solution of a pint to 50 gallons of water will keep stables sweet and prevent many disorders that effect the productivity of dairy cows.

We offer a limited quantity of this product at \$1.00 per gallon, less than one-half the usual selling price.

Bath Mirrors

Bevel Plate Glass clear and polished to perfection, the silvered back is water-proofed so it will not take on those ugly stains that often disfigure mirrors subjected to bath room steam and moisture.

When you install one of these you have made an investment that will give you many years of service and satisfaction.

Your razor blades will seem to cut smoother and last longer if you shave looking into one of these flawless Mirrors now offered at the very low price of \$1.37. They will dress up any toilet room no matter how luxurious.

Never before has the honest farmer felt so keenly the prod in his products.
