How this MARVEL RANGE

Will Benefit YOU!

Lights ITSELF Starts BAKING Stops BAKING Automatically

WHILE YOU'RE AWAYI OU'VE dreamed of a range that

would start itself—stop itself—absor lutely without attention—even while you were away from home.

Now such a range has been perfected—the Roper Insta-Matic Gas

OUTSTANDING FEATURES: SIMPLE OPERATION—All you have to do is set the time and temperature Con-

trols, the range does the rest. 2 SIMPLE CONSTRUCTION—Nothing to get out of order or break.

3 ABSOLUTE SAFETY—If any top or oven burner flame is extinguished, Insta-Flame immediately re-ignites it. If Insta-Flame pilot light is extinguished, safety valve prevents all gas from entering range. Thus, no gas will ever escape from the

4 EASY MANUAL OPERATION—Just turn on the switch when you want to use the oven for toasting, broiling, etc. The oven burner is instantaneously and automatically ignited,---without striking a

5 FOR IGNITING TOP BURNERS-Simply turn on the gas,—one hand—one motion—no matches—and the burner you

wish to use lights itself. CLEAN-Only the Insta-Matic time clock dial and the "on" and "off" switch are built into and protrude through the top

With a Roper Insta-Matic Gas Range in your home, you can place a whole meal in the oven in the morning, set the controls, and leave the house for the day. The range will start baking at the desired time maintain exactly the temperature necessary—and shut itself off at the second time set. Upon your return the dinner will be baked perfectly -done to a turn-piping hot-and ready to serve.

rail above the shelf for your convenience. In Our Display Room Today!
