BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Wife (on their return from the ty): "Do you realize what you?"
Husband: "No, but I'll admit it's wrong. What was it?"

Linoleum

A lady down in Milton, Pa., painted her kitchen linoleum, which was somewhat worn, with Moore's Gray or Paint, then took green, red, black and yellow Utilac and mottled it grey with a vari-tone Sponge roller. Utilac Varnish was then applied the entire surface. All the neighbors thought she'd bought new linoleum. The ingenious home keepers can do a lot of attractive stunts with lick-drying Varnish and Enamel which Utilac is one of the best in covering capacity and easiest to use.

Dutch Ovens

Just received, another shipment of Wagner heavy refined iron cooking ware, direct from their foundry in Ohio. Dutch Ovens are again available at only \$1.00 each, with skillets, pan cake griddles and waffle irons equal low in price.

Cheap and Safe

Totem, one of the best anti-freeze preparations on the market, a glycerine mixture that is safe, clean, nearly odorless and will not foul radiator. Another of its splendid appeals is the price—\$1.00 per gallon—put up in sealed one gallon cans with full directions. We also furnish No. 1 formula, 190 Proof Alcohol at 59c a gallon. Don't take chances on a busted radiator or damaged pump when protection against frost is so reasonably priced.

Murray's Win

Burt Karnatz, the famous auto driver is now using Murray Stock Tires on his racing car. They stand up under the most gruelling track work. And they will stand up for driving country roads. A first quality Tire with a price to meet all competition. "Dad, the barometer has fallen." "Very much!" "Only five feet, but it is broken."

Cheap Heat

We have a mail order connection on Circulating Heaters that is the best price proposition we have ever seen anywhere. You would be surprised to know what a splendid Coal Heater you can buy for \$26.75, or a big Coal or Wood at \$35.50.

Fire

No matter how hot, cannot ignite or consume asbestos, so if you have a hot spot around stoves, pipes or other carriers of heat, be sure to protect with a liberal wrapping of sheet asbestos or asbestos cement. We furnish asbestos material, you can buy in small quantity and the price is very little. Don't take chances when you can insulate with asbestos.

Base Burner

Used only a short time, one of the best makes and in first class condition. You may own this \$80.00 stove for \$32.50. Terms if you wish.

Copper Boilers

Atlantic quality, full size and full weight, to sell at \$3.95. An experience covering more than 40 years does not recall a single period of time when a 15 gallon full weight tinned and planished all copper wash boiler could be bought for so low a price. It is more than 40 per cent. below prevailing prices of three years ago. This price as well as that on many items just now is only available because the manufacturers as well as ourselves feel that it is good business to carve costs and margins below a point that will show any real profit.

Rubber Bands

A large assorted box for a thousand uses, will come in handy every day in all sorts of unexpected ways—10c a box.

Storm Coats

They keep you dry and the wind can't blow thru them, handy to slip on in mushy weather—\$7.95.

Judge: "Have you ever seen the prisoner at the bar?"
Witness: "Yes, that's where I met him."
