Dr. Brainard is the father of a son, who put in an appearance last Saturday, named Harold.

J. M. Brundage of Russell, Kan., is visiting his uncle, B. C. Brundage and other friends in this place.

F. M. Bassett, lately of Independence, has moved into his newly-purchased residence in this village and is now a resident of Andover. He is cordially welcomed.

Mrs. F. M. Lee of Tip Top is visiting friends in Plainfield, N. J.

Jeremiah Clark has recently secured a number of imported Oxford Down sheep.

School Commissioner Pollard held teachers' examinations in Andover last Saturday. Prof. Pollard is proving a most excellent school commissioner.

A series of gospel meetings will be held at the Methodist church in this place, beginning Sunday, Nov. 15. Rev. Thomas Parker of Troy, N. Y., will assist the pastor.

We have received from G. P. A. Daniels of the New York Central, a neat card announcing the starting of the "Empire State Express" recently added to the Central's trains between New York and Buffalo, the schedule time being 52½ miles an hour including stops; being the fastest train in the world.

Prof. T. H. Armstrong has a very interesting and instructive article on "The University of the State of New York" in this issue of the News.

Last Saturday evening the Democrats of Andover celebrated their recent victory by firing guns, having a torchlight parade thru the streets and a big bonfire at the corner of Main and Greenwood streets.

A number of residents were handsomely illuminated and the band played inspiring music. Fireworks also added to the brilliancy of the occasion and the affair was entirely satisfactory—at least to the Democrats. Republicans could only "see the procession go by."

The opening number of the High School entertainment course will be the "Durno-Emmett Combination," a company of four talented entertainers.

About 30 of Rev. S. Burdick's parishioners gave him a reception at the home of his son, Dr. George E. Burdick, last evening.

Hall & Thompson shipped the largest load of potatoes last Saturday that ever left the Andover switch. It contained 1,091 bushels.

It was Mary Chase who purchased James Casey's house and lot instead of Mary Caple, as stated last week, our informant mis-speaking.

A large chorus choir and an orchestra is the new feature that is attracting special attention in the Sunday services at the M. E. church.

John Prest is fixing up the Prest Opera House in fine shape by having it plumbed to light with gas and repainted and calumined. He is expecting to have the work all completed by Nov. 14th.

Andover Lodge No. 786, I. O. O. F., have rented of O. E. Vars the third story of Elli's block for lodge rooms and will be in their new home by January 1st. When Mr. Vars gets the rooms fitted up in the manner he expects to place them in and the boys get them furnished, Andover's lodge will have as nice quarters as any lodge of Odd Fellows in the county.

J. W. Deming is driving a span of red roan colts, purchased near White's Corners, Pa., last week.

About 25 friends surprised Miss Fannie Spaulding last Wednesday evening. Mr. Spaulding and Miss Fannie are soon to leave for Washington, D. C., where they will spend the winter in the pleasant home of Captain and Mrs. Travis, East Capitol street.

Mrs. Effie Beaver of Galeton, Pa., spent Sunday with her parents here. Arling R. Baker came from Wileyville last Saturday where he is teaching, to visit his people and remained until after voting Tuesday.

Mr. and Mrs. John Quigg returned from Brocton, Chautauque county, where they have been spending about two weeks at the home of their daughter, Mrs. J. F. Walsh.

Miss Grace Lanphear has finished her business course in Hornellsville and is now at home.

A New Battery Set

Improvements in battery radio sets, just announced, are expected to prove of special interest to the several millions of home owners whose residences are not equipped with electricity. Nearly one-third of American homes are without electric current.

With the introduction of the house current set, a few years ago, the manufacturer concentrated on the electrified market, while a third of the population, possibly most benefited because their homes are more isolated, was practically neglected.

A new battery set, produced after years of experimentation by engineers, gives the farm family and small town listener as fine, if not finer, reception than that enjoyed in congested communities, since there is less interference in rural districts.

With average use, the operator of this battery set gets power for a whole year with no attention except the adding of a few drops of water to the battery about once a month, making it the most economical radio in the world.

This new, up-to-the-minute battery set needs no battery charging. It uses the economical new two-volt tubes, a permanent-magnet electrodynamic speaker that takes no power from the batteries, and the new air-cell battery.

Every battery model, as in the all-electric model, is an extra-powerful, super-heterodyne, with automatic volume control to counteract fading, also, adjuster for any length of antenna, the velvet-action, quick-vision dial, and other modern features, including well-built cabinets of sound design and that will always be in style.

This battery set is now being marketed in the compact model, with the gothic arch of distinctive zebra wood, matched butt walnut panel, and carved twist plaster and ornamental grills. Or, it can be had in the console model—the lowboy of exquisitely finished American walnut, with matched butt walnut front panels.

The champion travelers of the world are the arctic terns which summer at the north pole and go to the south pole for their winters, thus having sunlight day and night all their lives.

HOW
MANY DIMES
will you throw away
this winter?

DURING the cold winter months, your food will need correct refrigeration just as much as in hot weather.

Kept in window box or on the back porch, food will often freeze during a cold night and then thaw the next day. Ten per cent of it can be spoiled and wasted in this way. Stop throwing these dimes into the garbage can! Keep your food safe all winter long in the steady, below 50° cold of a good refrigerator. Use up all your left-overs. Take advantage of bargain day offers on food—buy food in larger quantities at lower prices—keep it fresh till needed.

You'll find that a good refrigerator will actually save enough in food to pay for its own cost! Drop in today at your refrigerator merchant's or any Niagara Hudson System Store. Ask for some tasty new refrigerator recipes!
