ROAD TO HELL Coming, to the Auditorium Thes-

"Road to Hell" is the road onto which are shipped by various tricks and devices, thousands of girls every year, a road that appearing innocent to the victims is really a web of pathways to perdition. These pathways are the arteries of sin, carrying beacons that lure moths to their destruction. The picture has to do with the carefully veiled methods sex traders in big cities to net captives for the many abgnois operating mostly in foreign ports.

The lay reader of the average I daily newspaper in the United States Iscanning the average help wanted advertisement columns can find nothing suggestive of the pitfalls that lurk there in suspiciously worded advertisements offering girls employ they are met by sleek tongued agents of the principals, who by trick and device induce the jobless girls t consent to accept one or another of the positions offered. Usually these places are in some branch of the amusement business where girls appear as exhibitionists, dancers, chorus girls, singers or any of the other units of an indoor amusement place. Once the girls accept employment they are shipped to operators in Helen was a cardinal instead of a per head, their buyers turning the masquerading as cabarets. concert halls, traveling musical comedy organizations, or other pleasure resort
