"If There Is Not A Way, Cut A Way"

The Child Problem

TAVE parents been concentrating on the so-called boy problem to the exclusion of the girl? Once upon a time everyone accepted as fact that the boy was a problem, until someone suggested that

to improve the manhood of the next generation. Countless organizations far and near have been charled devoting their best efforts to develop better boys, but there are still bad boys, and always will be. And now people are beginning to recognize that there is as much a girl problem as there ever was a boy

as a standard.

present-day idea that girls, too, offer a problem.

heard about girls and hypocritical gossipers have vil-fined to the United States, but extends across lainously enlarged upon them. This is not to say there ocean. More criminals, longer sentences, over-crowded family were in Hornell Saturday. are no bad girls.

But the daughters of today are no worse than tained in the report. their mothers were. They are the product of modern are, but they are not half as bad as they are pictured. with 10,590 during the previous year. The report doubt that improvements, which is controlled to some ed was 9,972 compared with a total daily average extent by parents, will reduce the number.

However, the elements of birth, and inherited instincts still influence lives, and they are beyond control or society, because the law has not yet restricted the right to give birth to children. Prohibition officers found liquor under a dog ken-

nel. All the owner has to do is to go into court and prove the dog is a booze hound.

Our Aristocracy

of many eugenists, that American society will "die at no further. the top." Suppose our so-called "best people" do have as they exist today do die out. What of it?

die out; the lower ones move up."

He is shockingly disrespectful, too, of aristocracy his accident expenses by three-fourths. as it exists—or as it has existed at any time. "All the one will maintain that they are valuable additions to nothing to do with economic upper classes."

It sure would flatter a slain criminal to know how
