Minister: "And how high can you put, my little man?"
Boy: "One, two, three, four, five, seven, eight, nine, ten, Jack, eleven and King."

There seems to be something out of a pair of finely made and finished pliers that is most attractive to those who are fond of sewing and using good tools. Just now we have some rare bars in high grade pliers that have been placed on the market because of the financial troubles that have forced some manufacturers to lower their prices to obtain ready cash. We deplore the condition but would not resist the bargains, so we bought and are passing them on to you. The most outstanding of these pliers are a combination side cutter and a lock handle parallel Jaw Plier, one of which is offered at one-third less than regular prices, and the other at slightly less than one-half the regular selling price. Ask to see them.

Water-proof
That is what happens to shoes treated with Neatslene, it also makes them pliable and causes it to wear longer.
Keep your feet dry and your shoes comfortable all winter with a 25c box of this magic grease.

\$100.00 Cash
That is the award offered for the winner why "Rat Rid" is the best. If you have rats or mice this preparation will clean them out wherever they are and may be safely used anywhere as it is perfectly harmless to poultry, cats, dogs, and all animals except the rodent family.
"Rat Rid" is approved by National and State departments of agriculture and animal husbandry. A 50c package will save its price ten times over and your simple experience may gain the cash award.

Mother: "Run upstairs and wash your face, darling. I think Grandma wants to take you driving with her."
Ruthie: "Hadn't we better find out for certain, Mummie?"

Saturday Only
We offer a candy special—Chocolates, Mixed Hard and Soft Candy, Peanut Brittle and two kinds of Candy Kisses at 10c a pound.
Give yourself and the family a treat. All candy that sells regular at 15 cents or less goes in this 10-cent sale Saturday.

Note the Date
January 20th and 21st as that is the time set for a demonstration of Utilac—on those days a lady who is trained in home decorating will show you and tell you how to do your own color work so it will best serve your sense of artistry.
Also, at this time, there will be offered special prices and a free brush deal. You are particularly urged to step in and use this service; there is no obligation to buy. Further announcement next week.

Shave in Style
With the new Segal Uni-Matic, the safety razor that is all in one piece, uses double-edge blades, is gold plated and sells complete for only a dollar.

Oven Glass
An attractive kitchen item and particularly appropriate as a gift for showers, birthdays, anniversaries, and all occasions of special note. You can't go wrong if your present is oven glassware.
Our after-holiday stock is rather too large in some items so our offer is any piece at half price. This means a Pie Plate at 48c; or a bread dish at 45c; somehow most articles from the oven are more attractive and appetizing if served in Glass.

Winter Winds
Are hard on the face skin of those who must shave.
You may keep your face free from chaps and winter shaving as comfortable as other seasons by using Mennen's Shaving Cream. The large tube sells at 45c.

Tourist (in village store): "What have you got in the shape of automobile tires?"
Saleslady: "Funeral wreaths, hair preservers, invalid cushions, and doughnuts."
