INDIAN SPRING FARM Fillmore, N. Y.

Jan. 14th, 1932. I have been extremely well satisfied with your Big Egg Mash, I began several years ago to use your feeds and since then have always used them. I find Big Egg Mash very satisfactory both in ability to get eggs during the winter months and in keeping the feed cost of eggs low.

(Signed) DELOS G. STOUT.

SPRUCE LAWN POULTRY FARM Angelica, N. Y.

Jan. 14th, 1932. I have used Big Egg Mash several years and keep from 800 to 1,000 hens and am getting production of 75 to 80%. Have tried out Big Egg Mash with several other brands and am convinced that better results have been obtained by using Big Egg.

In comparison with home mixed mashes, it is easier, quicker and safer; also just about as cheap. My honest opinion is that Big Egg Mash is the best mash that I have ever used.

I am pleased to speak a good word for your poultry feeds. I have used them in gradually inin 1872 Her husband and two sons creasing amounts for 20 years and have never had any trouble that I could attribute to the feed used. I have used altogether a good many carloads.

I believe your mixed mashes are up to date and in line with the latest proved discoveries in feeding and can be relied upon in this particular. I have often noticed that the price charged is usually somemashes.
