# It Will Cost You Greatly LATER-

If you do not take care of your car NOW

Don't try to run your car without giving it proper attention. The little things that need to be done from time to time should be taken care of. They will develop into costly breakdowns if you don't.

Regular, systematic servicing will save you money in the long run.

SEIBERLING and FIRESTONE TIRES.

KRUGER'S GARAGE

Main Street Andover, N. Y.

# Economy Costs Money

Yes, strange as it may seem, economy costs money when it causes you to cut down on your expenditures for things that are necessary for your comfort or welfare. And it is doubly expensive when it causes you to save on expenditures that, if wisely made, would return to you with a handsome profit added. Shortsighted saving has kept lots of people in the rut of toilsome grind and put many a business on the road to a bankrupt's court. Prudence must, of course, be exercised at all times in financial matters, but too much caution in personal and business affairs is often worse than foolhardy squandering.

An advertisement in the ANDOVER NEWS doesn't cost a great deal of money, but it will return big dividends in the way of increased business and multiplied profits. Don't be niggardly in the amount of money you set aside for advertising—you can't afford to be.

An advertisement in the ANDOVER NEWS delivers your sales message to hundreds of prospective buyers residing in this community, while your window displays are seen by only the few who pass your store windows.

The ANDOVER NEWS goes into nearly every home and place of business throughout this section. It carries to its hundreds of readers not only all the news of this vicinity, but the sales messages of its merchants and business men as well. If you have anything to sell you cannot afford to be unrepresented in its pages. Your economy would be too expensive—it wouldn't be good business.
