### THE ECONOMIC STRENGTH OF OUR COMMUNITY

Banks are a part of the economic blood and sinew of all community life. Without banks commerce and industry could not carry on, nor contribute to the economic welfare of the

In times of prosperity unusual demands upon financial institutions are few; therefore their stability is considered a matter of fact. But when conditions drop to normal or below-'tis then the fundamental soundness and foundation strength of a bank is tested.

This institution was built upon solid rock and built to stand the test of both good times and bad times. With adequate resources it stands today a distinctive power in the promotion of local industry and community progress. Make this bank your bank.
