

Built to Withstand The Stress of Time

Founded on American traditions as old as the nation itself this banking institution stands as firmly upon the rock of financial dependability as the lighthouse stands on the rock-bound coast. Its rays offer as sure a comfort to the financially puzzled as the rays of the lighthouse to the sailor.

Those who contribute to the work in any way both men and women are cordially invited.

Places for the dinner can be reserved with Beatrice Hazard, office secretary, Box 95, Wellsville, N. Y.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Clerk: "I'd like to have you raise my salary."
Boss: "Well, don't worry. I've managed to raise it every week so far, haven't I?"

One Dime
You know the little girl said: "You can't buy anything for a nickel and not very much for a dime."

No one can truthfully say that in 1932, for we are showing an assembly of ten cent items that have amazing value. Drop Forged Steel Pliers, Wrenches, Rubber Handle Screw Drivers, Brushes, Sprayers, Glue. We can't give you the whole list, you will have to look it over to appreciate how much prices have been hammered down, why manufacturers are going broke and their workmen going jobless.

Dull Knives
The kitchen mechanic may now have a keen edge on kitchen cutlery and cheaply.
Carborundum fashioned into a six sided stone and attached to an enameled handle does the trick—selling at 40 cents.

Remember
The door to door salesman will probably never see you again and is quite different from your local merchant who must treat you fairly and give full value. You must go back to him again and again else he fails. With him one tricky deal breaks down customer confidence that has taken years to develop.

Auto Tires
We have some second tires that will give you thousands of miles of service at very little cost. Come in and look them over if we have your size we can trade.

Old Toilets
How disagreeable and what a lot of expense for repairs, really a new one up-to-date would be cheaper in the long run.
You ought to see the beauty you may now own—complete with a white seat for \$18.50, or with a finished wood seat \$16.75.
Bowls, tanks or seats sold separately.

Home is a place where a man could do exactly as he pleased if it wasn't for his wife.

Don't Risk It

Unless you are prepared to pay the price.

Cheap foods are dangerous, many a hospital bill, serious operations perhaps a funeral may follow the use of canned foods, that are sorted out of a decaying stock and packed under unsanitary factory conditions.

When you buy foods made by Beechnut you know you are getting quality, flavor and health and it costs so little if any more to give your family the best.

Take no chances—use Beech Nut Foods.

Green Fodder

When pastures dry out in late summer you will find it profitable to have something growing that will keep the milk flow steady.

Alberta Peas, Japanese Millet, Mangle Beets and Turnips are all well adapted to this purpose and a small plot of ground will give you large returns with very little expense for seed.

Our supply of all seeds for late sowing is adequate and prices are the lowest in many years.

Batteries

Have been out of Hot Shots for a few days but a full stock again. We furnish batteries of very high quality for flash lights, radio, telephone, door bells and all volt and ignition service.

We sell you Hipco Batteries—they are best by test.

Simoniz

Your car may look as tho it was ready for a new coat of paint, when really it is covered with road film.

Drive around and let us demonstrate what can be done with Simoniz, there are cars on the streets of Andover that look as good as new—Simoniz did it!

Nail Hammers

We are feeling rather proud of some values we are able to offer in tools that are used every day around the home and farm. Tin Shears, 70c; eight-inch adjustable Wrench, 41c; Nail Hammers, 65c; Hand Saws, \$1.85. See these values.

Doorkeeper at Picture Show: "So you want to see a boy inside, eh? Who is it?"
Boy (confidentially): "Me."
