Brother: "Don't complain about the roosters. When you get up early you crow about it for days."

Save Two Ways

That is what happens when you use Moore's House Paint, made from Pure White Lead, Pure White Zinc and Pure Linseed Oil.

You save because it goes farther, and because it spreads so easily it takes less money to pay the painter or less time if you do your own work.

Moore's Paint is again reduced in price, in house lots of five gallons or more, colors now selling at \$2.75, slightly more for white.

We guarantee to paint your buildings with Moore's Pure House Paint for less money than they can be painted with any other paint that you can buy for a less price per gallon, but whether you pay more or less—use Moore's Paint or we both lose.
