Congress, at the Postoffice at Andover, N. Y.

## The "Bonus Brigade"

**U** Washington, have announced that they expect at more than 21 million—an exceptional condition. . least 50,000 World War veterans recruited in their cause within a short time. The number in Washing- Express Company, in the larger cities have gone back selling, exposing or displaying of the now, according to latest reports, is in the neigh- to horses because they contend alone with other him. horhood of 10,000.

some instances, much trouble for railroads in their de- that goes on when a traffic jam is reached. mand for free transportation to the east.

thankful, is the fact that so far the marchers have today of horses becoming extinct as there was a few permitted. shunned the communistic element which entered into years ago, when it began to appear as if "old Dobbin" the affair at the start. Veterans have announced that would soon be classed as a curiosity. they are not a part of that element and have assisted government officials in weeding them out.

have several thousand former soldiers marching in down. groups on the capital of their country in the hope that they can persuade Congress to pay them the balance on their bonus.

They go armed with rifles and revolvers, and instead of talking about petitioning parliament for a government and running things to suit themselves. the government sends troops to stop them, there

a semi-military dictatorship, led by the ex-soldiers. Imagine, for instance, the nervous tremors that would seize Europe if it became known that German war veterans were marching on Berlin from all points of the compass.

ice has the slightest fear that these traveling veterans [ of ours will do anything more desperate than row with a few railroad police here and there.

### Friendly Welcome

ing strangers within their gates are usually looked more in the ways of their home folks and would cast upon as out of date, but it takes more than signe to aside the worshipping of an idolized person, our young getting Duke the ill-fated and I make a community friendly.

The automobile tourists have frequently been misled by signs. They have gone into communities with willingness on the part of everyone to make their stay count. pleasant. They obtained that idea from the signs, but their actual experience was that the people were as cold as icebergs.

Even more beneficial to a community than a well IN EVERY town and community there are two classes fitted tourist camp, is a friendly spirit on the part of log of young boys, and possibly our town is no excepthe people towards strangers passing thru while on an tion to the rule.

of this class are fast growing in number-but the selling papers and polishing shoes. thing that lingers longest in the memory of a tourist came in contact.

A tourist recently informed us that the incident a week clerkship in his employ. that he remembers best about a long motor trip he stranger and piloted him thru the city so that he shoulder is substituted for the helping hand. could avoid the heavy traffic and a torn-up street and thus escape vexing delay.

shoulders of the officers of the law, nor upon the of- man. ficials of civic organizations, it is a responsibility citizenship and a sign of home loyalty to be courteous practice autocracy in private life. to strangers and give them a friendly welcome.

The touring season is here and thousands of mo-same things ourselves. torists will be passing thru this summer. Many of them will stop here if they get the right sort of recep-will ever exist. tion. More of them will be our guests and will patronize our places of business if we show that we want to years to come. be hospitable.

to loosen up and act human when a stranger asks for of the caste distinctions in existence. information. If strangers are to be treated as if they were lepers, we may as well tear down the welcome of their opportunities today never want for their signs and close up the tourist camps. Signs extending a welcome to strangers are the most expensive things a community can have if the' shoulder at every turn.

## Advertising Farm Products

THE rural business man can use advertising with as nature, it's better to do it sometime when you are A great success as the town and city business man. He has found that it is successful when he holds! his semi-ennual or annual farm auction. Why should the year?

farm gate sales profitable and quick.

Modern business methods will help solve modern farm problems. Advertising used with the same discretion and fore there must be fishermen who tell big fish stories same faith and understanding which towns and city also.

husiness men exhibit in advertising their goods, could be made of inestimable value to the rural business men who have the courage to take up a new idea and give the summer and get frostbitten along about November. it a trial.

Why shouldn't farm selling move forward just as farm production methods have changed vastly in the Advertising, judiciously used, is the answer.

The automobile and good roads make delivery or everybody knows of the fool's foolishness,

All that remains is to convey the message to the when it reaches other people's ears.

## Horses Coming Back

THE READ of great inventions almost every day, and vone recently spoke of a fuel-less motor or engine the essential for all mankind, but until that c rives, we still have with us another type of "fuel-less machinery—the horse.

A few years ago it was predicted that the "gasoion has only been partly filled, as automobiles have or expose for sale, or sell any species is taken the place of carriages and cabs.

The department of agriculture has taken a census pewder, or any fire works or thing

In the far lands of our country there are more exploding or using the same for! than 15 million horses in use, altho during the World cerebration purposes or the making | FFICIALS in charge of the "bonus brigade" in War when a demand was made, this number reached of unnecessary noise or noises there-Many of the large concerns, such as the American of Andover, N. Y.

ton now, according to latest reports, is in the neigh- to horses because they contend along with other big fire works for sale on national holitrucking concerns, that where traffic is thick, hauls are days or within three days next pre-This so-called "bonus march" has treated the na-short and much waiting is involved, a two-horse truck ceding such holidays or the purchase tion to a rather unpleasant spectacle. These men have costs but two cents a minute, while a motor truck costs and storage thereof for the purpose begged rides, food and shelter. They have caused, in six cents, due to the wear and tear and gasoline cost of resale by retail dealers thereof, Numerous riding clubs all over the country are a manner as not to attract the at-One thing, however, for which we can all be being formed, so that there is not as much evidence

"Swallowing his pride" is a painless performance Things could have been much worse. Here we with some people. Don't even scratch the sides going
