served to mankind out of a mail bag never seemed so making an unwise purchase by pointing out just why near realization until the correspondence course be one article suits you better than another. It points gan to make its bid for popular favor. There were out to you the pick of the country's markets and the those who imagined there was nothing new under the selection of the particular kind, shape, size and color sun until the correspondence school began to thrive, that best suits your taste and fits your pocketbook. and then new ones sprang up over night.

short of possible. Correspondence detectives were once the badge of a correspondence school but now they have come up in the world. The searcher after knowl- chickens, or talks back to a traffic policeman in a big edge can learn to be an engineer, linguist, accountant, city. lawyer, orator, author, musician, artist or-well, all that's necessary is to name your favorite "profession" and presto, it is yours.

Education and "higher" training are not the only things that may be obtained via the postage stamp, More recently folks were offered long life and perfect two autos park where only one parked before. health in 12 easy exercises taken to the rhythm of a phonagraph record. "Diet" courses are likewise available and find a ready market due to the present ten- good thermometer down. dency in this direction.

But why not education, health and culture in syn-I thetic form, if synthetic food is the American diet? We would all turn and run if we could see the

trouble that lies ahead of us. A window washer is a benefactor because he. the glorious sunlight in.

Long Distance Forecasts

EOPLE talk and write about the weather, as if they had the authority of the weather bureau of the United States department of agriculture for what they say. Several recent occurrences illustrate the tendency on the part of a portion of the public to pre-suppose that any statement regarding weather must issue from that bureau. As a result, when an erroneous of oubtful forecast is made and circulated by some JULY 1, 1932. responsible person, many others accept it in good faith public at large may unconsciously be misled to
