J. C. Smith of the National Transit company, is at the Pump Station at Dyke preparing for a summer's work. A gang of men will soon begin the removal of the eight large low-pressure boilers, it having been found that they could not do the work satisfactorily. An equal number of high-pressure boilers will be put in. Only one at a time will be changed so as not to interfere with the regular system of pumping. This will make the work extend over several months.

Whitesville

(Mrs. Ella Millsbaugh, Reporter)

July 12.—Whitesville people woke up to a new sensation this morning. A real burglary, when the employees of the Whitesville branch of the Wellsville Milling Co. arrived they found the fine large safe of the firm blown up and the money and checks amounting to about \$300 gone. Entrance had been gained by breaking the glass of a window and unfastening a side door. Neighbors living across the street heard no noises during the night but the presence of old bags and sacks showed Mr. Marble of Genesee, Pa., has charge of the mill since the death of the Baldwin brothers, but he goes home nights. The Deck garage was also entered but only cigars and cigarettes taken. No money is kept there. Sheriff Witter is here today making an investigation.

Mrs. Fred Dean went across the street this morning to call on Mrs. Addie Crawford, a sister of her husband, and found her lying on the couch, clad in her night clothes, dead. Dr. Probasco was called and decided she had been dead 48 hours. The cause of death is not known at this time. She had not been seen by any one for several days, and lived alone, her husband having died several years ago. Further particulars or arrangements are not known at this time.

The members of the Philathea Class of the M. E. church were entertained at White Kettle Camp in the Black Forest in Pennsylvania on Tuesday by Mrs. Ruth Wilson. Mrs.
