Safe Economic Recovery

THE election of Franklin D. Roosevelt as president i 4 the keystone to business and economic recovery in the United States.

This is the verdict of business leaders, economists, financiers, labor leaders and others. A statement given act any harmful tendencies. ont at Democratic National Campaign headquarters the Biltmore Hotel, New York, for publication in this newspaper, points out that the only way in which the downward trend of the economic curve can be halted is to clean house of a national administration which in the past four years has established a record for ineptitude and vacillation.
