TODAY IS THE BEST DAY

We hear people grumbling as we go along the streets: "I wish summer were here," or "I wish summer would hurry up and come."

Who knows—summer may never come for some of us. Today is today—the time for opportunities, work, play and happiness. Let's make the most of what we have. We must remember that we will never see the very minute, hour or day again and tomorrow never comes.

Marian Nobles.

AROUND A. H. S.

The Fourth graders are collecting pictures to make a scrap book in connection with their geography work.

Clara Hann, a member of the second grade, received the most 100 per cent papers during the month of January. Row 3 won the health contest.

The sixth grade is still working hard to attain the attendance banner. The fourth and seventh grades are now in possession of it.

The chemistry class has been preparing nitric acid in the laboratory by a process similar to that used in the commercial preparation. They have also learned that nitric acid, because of its great activity, is commonly known as "aqua fortis."

MILK DISTRIBUTION PLAN SUCCESSFUL

Mrs. Marianne Sixby of the department of Public Welfare at Belmont called at the office last week and left blanks for the summarization of the free milk distribution.

Mrs. Sixby indicated that a definite allotment of money would be made for each school beginning the month of February. She said it might be necessary to reduce slightly the amount of milk being distributed. She complimented Andover High School on the efficient manner in which the milk distribution plan had been carried out.

GUESS WHO?

To guess who this girl is will be very easy. She is a blonde with blue eyes. She is always very smartly dressed. She has a pleasing personality, altho she has a peculiar giggle when she sits near her girl friend. They are both Juniors in A. H. S.

Come on, now, who is this good-looking girl? Answer next week.

DO YOU KNOW THAT—

Francis R. Mead

The first issue of U. S. Postage stamps was placed on sale in 1847. Buttons are sometimes made from milk.

Rice was grown in India 3,000 years before Christ was born. Its culture was begun in the United States in 1718.

Ohio has 41 colleges or universities.

Farm Credit Administration loaned an average of more than \$5,000,000 a day for every day in 1934.

By 1936 our public debt is expected to total \$34,258,000,000 or \$270 for every man, woman and child in the U. S.

In a modern American clothing factory there are 225 separate and distinct operations.

The Russian lumber industry is using auto trucks which run on gas made from sawdust.

THE SPOTLIGHT ! !

I just received some special news from the press radio broadcast.

Edwin Alderson, the strawberry blonde of Andover, has been captured by the Wellsville girls, Betty Dean being the leader of the gang.

Wanted: More cars to carry the girls to Warsaw for the basketball game Friday night—for further information see Ruth Slocum.

The Andover half-miler, who left his sweetheart a few weeks ago has been found. Women are bound to get you somehow, Don.

"Ed" Brewster has combed his hair for the first time in years.

I want "Deke" Clarke to report his trip Friday night after the basketball game.

Andover High's two Ritas, plus Veronica O'Hargan were sporting three new boy friends last Friday night. Who were they girls.

Mary doesn't make any bones about yelling when she gets shocked, does she Rita?

So Enola tried changing her hair from white to rosy red! We advise you not to try it again.

It is reported that the Seniors are planning another dance. Let's hope this is true.

"Jackie" you should have known better! The idea of waking up all your neighbors Monday night with your singing. I have some other dope about you too. I hear you make it a point to walk to school with Jennie every day.

That's news! Keep up the good work, Jennie is a nice girl.

Tell me, why is it Eleanor Greene spends so much time in Wellsville?

It seems that Clyde Kemp likes the grades quite well, too. I guess I'll have to try my luck down there.

What's this I hear about Marjorie N. and James Cannon? Watch out Jimmie, these blondes are dangerous.

Why did R. Lynch go to the basketball game in Hornell? Is his name John?

I wish I could write all I knew!

ANDOVER TO MEET WARSAW

The Andover High School team will journey to Warsaw to meet the Warsaw team. Warsaw is in third place at the Wyoming county league after heating LeRoy on LeRoy's court.

The Andover team is in second place of the Allegany county league after defeating Cuba on the local court. All are hoping for a successful trip and hope to see many Andover friends at the game.

HUMOR

Mother: "You were very naughty in church, Jackie, dear. Do you know where little boys and girls go who don't put their pennies in the collection box?"

Jack Regan: "Yes, they go to the movies."

Alyce Pope: "How do you like Farnham?"

Burrell Cole: "He's all right in his way, but he's always in ours."

Company was being entertained and Bill Wahl was put to bed.

"I'm afraid of the dark," said Bill.

"Don't be afraid," said his father. "The room is full of angels."

This seemed to quiet Bill, and his father went back to his guests.

Ten minutes later Bill appeared in the doorway. "Pa, did you say there were angels in my bedroom, and they would take care of me?"

Bill: "Yes, Pa."

"Well, I guess the bed must be full of them, too, 'cause they've bitten me."
