SPRING FEVER

By Frank Weinbauer

We are coming to the season of the year when pupils would rather go fishing or hiking than to stay in school. I know it is hard to study on a nice, warm, sunny day but I also know that it is much harder to find a decent job on any kind of a day unless you are properly fitted for the position.

Some will say: "What does a day's absence amount to? I can easily catch up again. I'll stay out today and go visiting."

It may be true that you can catch up again, but you will miss some important part of a lesson that the teacher has explained to the rest of the class and if asked how to do it you will be in the dark. Do not begin this habit of staying out when there is no reason for doing it.

Keep this in your mind and study all the harder, so that you will be one of the pupils that passed all of his subjects with an average of from 80 to 90 or over. This is not impossible to do so surprise your classmates.

The big bad wolf will be waiting for you unless you are prepared to conquer him.

BASEBALL

By L. Regan

Baseball is a sport greatly enjoyed by many high schools and colleges all over the country. Andover High School is beginning its second year of baseball and hopes to make it the most successful sport of the year.

Baseball takes much skill and ability to hit, catch and to keep a fighting spirit when the team is losing.

The baseball team hopes to have a successful year and to win popularity with the student body of the school.

BOYS SPONSOR HI HERALD

All of the articles written in the Hi Herald this week have been written by boys.

The editors-in-chief are Philip Crandall and Jack Regan. The boys who wrote articles are Donald Edwards, Richard Appier, Decatur Clarke, Frank Weinbauer, George Joyce, Victor Yannic, Alan Tuttle, Francis Meade, Charles Burgett, Kenneth Vars, Clyde Kemp and Edwin Alderson.

EIGHTH GRADE PRESENTS ASSEMBLY

The members of the Eighth grade under the direction of Miss Kelley and Miss Russ, presented a St. Patrick's day minstrel show for assembly Friday, Mar. 22.

Clyde Briggs was interlocutor, supported by Louis Fulkerson as Mr. Casey; Montrose Greene as Mr. Clancy; Jack Saunders as Mr. O'Shear and Gerald Dolan as Mr. Dooley. Veronica Lynch recited "Irish Names." Some of the songs sung by the whole class were "When Irish Eyes Are Smiling," "My Wild Irish Rose," "Mother Machree," "When the River Shannon Flows" and "The Bells of St. Mary's."

From reports of visitors and comments by the student body, the class should feel proud of the very favorable comment on their program.

FROSH DEFEAT EIGHTH GRADE

The game between the Frosh and the eighth grade was exciting. The game was very well played with very good team work shown. The game ended in a tie and an extra period had to be played. The Freshmen made a foul shot and won the game by the score of 11-10.

The Junior-Seventh grade game was unevenly matched. The Juniors had the much better team. There was much fouling in this game which ended with the score Juniors 28, Seventh grade 8.

The Seniors defeated the Sophomores in a very fast and well played game. The game was well matched up to the last quarter. The Seniors made several baskets and won by the score of 22-13.

SENIORS BUY CLASS RINGS

The members of the Senior Class selected the design for their class rings Tuesday. The class selected the ring from samples shown by three different companies. The class has chosen the purchase of class rings as its class project, and the money raised during the year will partially pay for them.

"AND IT RAINED"

Clark, Lee, Clark

Had It Not Been For

Steel Black, a ranch owner, and John Rich, now wealthy, who were boyhood friends years ago.

And Maibelle, John Rich's daughter, who has her mind set on retrieving a family heirloom, which is now in the possession of Steel Black.

And had not Maibelle, in company with her father on a westbound train been enroute to Black's ranch.

And had not Dennis, son of Steel Black, been enroute home from college on the same train—and had he not overheard a lightning remark Maibelle made regarding his father's integrity.

And had not this train been stopped short at a washed-out bridge and these people been compelled to go to the Wise Hotel.

And had not the washed-out bridge caused another train to stop on the opposite of the river.

And had not Maizie, sister of Dennis and without the consent of her father, been enroute to school.

And had not Maizie in company with Curly, John Rich's son, together with a college glee club, miraculously spanned the bridge just before it crashed.

There would be no operetta for you to enjoy May 8 and 9.

BASEBALL PRACTICE BEGUN

Baseball has been adopted as the principal spring sport in Andover High School and preliminary workouts were given Tuesday afternoon by Coach McGee, with about 25 boys reporting at the field.

The boys are looking forward to participation in the Allegany county baseball league and the prospects for an improved team over last year are very good.

The school will not have an official track team this year, although participation in one or two meets may be allowed for boys who have had previous training.

DO YOU KNOW THAT—

By Francis R. Mead

There are 276,555 schools of different types in the U. S.

About one-fourth of the nation's population attends school daily.

There are approximately 1,063,000 teachers in this country.

Americans eat more than 6,000,000 tons of sugar each year, 4,600,000 tons of which are imported.

Whooping cough is the most contagious of all the diseases of childhood except measles.

There is a murder committed in the United States every 50 minutes.

People of the United States who are calculated to be one-fifth of the world's population consume one-third of the world's sugar production.

Coal dust spread on Russian cotton fields increased the crop yield by absorbing more heat from the sun.

There is but a single federal law protecting our flag from desecration.

Each ton of water in the Dead Sea contains 187 pounds of salt.

BASKETBALL TEAM ENTERTAINED AT MCGILL'S

Last Thursday night, Mar. 21, the basketball team was entertained at Bruce McGill's. The occasion was Bruce's birthday. Those present were H. McAndrew, J. McAndrew, manager; R. Briggs, M. Briggs, E. Alderson, D. Joyce, D. Lynch, L. Fulkerson, J. Cannon, E. Kemp and Coach McGee.

A supper was served and cards enjoyed for the rest of the evening. The squad wishes to thank Mr. and Mrs. McGill for the very pleasant evening.

SENIOR CANDY SALE HELD

The Senior Class held a candy sale last Friday afternoon, which netted the class about four dollars.

The committee in charge was Marian Nobles, Richard Wittie and Jack Regan.

THE SPOTLIGHT !!

Well, well. Here I am back again with some very important news.

Last Thursday night I spotted my light and who did I see out for a stroll but Maxine Crandall and Dick Appier. The next morning I noticed he was holding Fern Holroyd's hand in assembly.

So Phil Lynch has taken to Gertrude Dean? And last Friday night invited several friends to share a good time. Better be careful, Phil.

I guess Gertrude S. has lost her Jason. She's trying hard to make up with him, but doesn't seem to succeed very well.

The Senior girls seem to be very interested in getting rings before Easter. I wonder if some of the girls have plans for rings during Easter vacation? Those spiffy rings would sure catch anybody's eye.

What's this I hear about Regina Lynch, Jean Mills paugh and "Skipper"? Come on, girls, what's the joke?

Spring has arrived and with it roller skates seem to be clattering up and down sidewalks, especially at night. I heard Wilda Clarke and Maxine ask where they could borrow skates.

So Bruce McGill was surprised last Thursday night? And the report is Ed. Kemp and Ray Briggs got filled up.

Wellsville girls are getting thrills from our Andover boys. "Red" McAndrew and "Red" Alderson are the men.

Marian Nobles has attracted the attention of one of the Alfred college boys, and they tell me he drives a swell Auburn.

Who could imagine Ed. Brewster with a mustache???

I wonder what Eddie thinks it will catch, besides dust?

Rita Burns knows people in Alfred, and at last she has attracted E. Coon's attention. Was the show good, Rita?

Cheerio, everybody, as Decatur Clarke says "I feel a verse coming your way!"

THE SPOTLIGHT

AROUND A. H. S.

Members of the French II and III classes have subscribed to "La Vie," a pamphlet printed in French, containing current events, sports, stories, plays and pictures.

The chemistry class has been studying various forms of iron and steel, learning how each is manufactured and some of the common uses of each.

Comer Howard of the Second Grade has moved from Andover to Greenwood. Clarence Stearns and Kenneth Howland, both of this grade, are back in school after a month's absence.

The Fourth Graders whose averages in arithmetic are 90 or above are Mary Elaine Baker, Arthur Kemp and Mary Pero. Those who have 100 per cent in spelling are Barbara Jones, George Karcanes, Doris Mead, Reta Nottingham, Mary Pero, Elaine Pope and Eloise Wilson.

Ira Monroe of the Sixth Grade has been taken to the hospital.

HUMOR

F. Meade (getting a shave): "Barber, will you please give me a glass of water?"

Barber: "What's the matter, a little hair in your throat?"

Francis: "No, I want to see if my neck leaks."

Carl W.: "D-d-d-do you serve crabs here?"

Waiter: "Yes sir, we serve any one; sit right down."

Ray B.: "Can I change these pants at this counter?"

Clerk: "Well, I'll tell you, mister; we have a few women shoppers and clerks, so maybe you'd better go to the dressing room in the rear."

Old Lady: "Son, can you direct me to the People's Savings Bank?"

Victor Yannic: "Yessum, for a quarter."

Old Lady: "Isn't that mighty high pay, my son?"

Vic.: "No, ma'am; not for a bank director."

PETROLEUM

Petroleum was first used commercially as a medicine. "Cure-all" properties were ascribed to it.

The largest foundry in the world is operated at Ford Motor Company's River Rouge plant.

7th AND 8th GRADES IN SPELLING CONTEST

The spelling bee of the seventh and eighth grades was held Thursday, March 21st. At a joint meeting of the grades the champions of each group spelled down. The three best spellers in the seventh grade were Newell Baker, Betty Greene and Pearl Goodrich. The three best in the eighth grade were Gerald Dolan, Dorothy Fosner and Montrose Greene.

The winners were Dorothy Lever, first, and Gerald Dolan, second.

Some of the words that bothered the spellers at the end were attractive, unanimous and ruffian.

The first prize winner will receive a dictionary and the second prize winner a certificate. Both of the winners are allowed to enter the county spelling bee, which will be held Friday, April 5.

CONGRATULATIONS

The Hi Herald staff extends its heartiest congratulations to Oliver Kemp and Margaret Powers, both graduates of Andover High School. They were married Saturday, March 23, by Rev. W. C. Pero.

GUESS WHO?

This girl is a Junior. She has brown hair and greenish brown eyes. She wears glasses in school, although she does not always wear them outside of school. She has been on the excused list 12 times.

This one is easy. If you cannot guess who it is, ask one of the Canisteo boys. They'll know.

Answer next week.

Answer to last week's Guess Who: Susan O'Donnell.

A gate-lifting crane said to be the most powerful in the world, has been placed at Port Weller, the Lake Ontario entrance to the Welland canal.

Supplanting the mystery story once so popular, more than one-third of the books now checked out of the library at Texas State College for Women are in the romantic fiction class.

The war department requires the birth and death certificates for all horses in Italy, thus keeping track of every equine for use in event of war. Failure to register horses brings penalties almost as severe as in the case of lack of record on human beings.

Ford Freight Movement Sets Record

TWENTY-TWO locomotives are now required to handle the movement of freight through the great Rouge plant yards of the Ford Motor Company in Dearborn, Mich. The photo shows one of the Ford engine moving into the plant with its cargo. Silhouetted in the background are the stacks of the Ford power house. Freight movement through the plant yards in February exceeded 30,000 cars, a new all-time record. In order to handle this increased traffic the Ford company was forced to rent ten additional locomotives.
