Lamb Still Low, Beef Chucks Lower The price of lamb, contrary to expectation, has remained low the chere is no assurance that it will remain so for long. Beef fores or chucks, too, have declined steadily during the past week. These two meats can provide a great variety of dishes at low to moderate cost. Pork and it hardly sems safe to breathe it, is just a trifle cheaper, probably merely a pause before its price leaps to new heights—if Mr. Wallace's recent prediction comes true.

WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

Cleanse the Blood
YOUR kidneys are constantly filtering impurities from the blood
stream. But kidneys get functionally disturbed—lag in their work—
fail to remove the polsonous body
wastes.

Then you may suffer nagging
backache, attacks of dizziness,
burning, scanty or too frequent
urination, getting up at night,
swollen feet and ankles, rheumatirains; feel "all worn out."

Don't delay! For the quicker you
get rid of these poisons, the better
your chances of good health.
Use Doan's Phils. Doan's are for
the kidneys only. They tend to promote normal functioning of the
kidneys; should help them pass of
the irritating poisons. Doan's are
recommended by users the country
over. Get them from any druggist.
