Models of 1935
The heart of every home is its kitchen. The kitchen Range is used almost constantly and is essential to the comfort, health and well-being of every family and every person composing that family. Therefore interest in the new 1935 models of Gas Ranges would transcend that in any other instrument on which the genius and creative talent of our master builders have been employed.

Clean Corners!
You may mop, sweep and brush as much as your conscience or patience will allow and still leave dirt in the corners, for no matter how hard you try, there will be some left.

A \$ Saw
That we believe is worth the money. A good well finished blade, ready for use, with five rivets; it handles held on with five rivets; it hangs and cuts like a \$2.50 but, you buy one here at \$1.95.
